Fall '80

Jan 1980

The only way to have a friend is to be one
Emerson

Dear diary,

Fall came and went so quickly. School got off to its usual start with bright new school clothes, replaced the rust day with more sensible shorts and beach towels. Warm summer days soon turned into cool winds, gently blowing the leaves off the trees. Along with the gathering leaves are the collection of events in the world. So many unfortunate things have happened. Garçon's personal life such as Steve McQueen and Mae West left us with memories to watch on the "Big Screen," as they came to their deaths. Leaving us from the music scene were the bygone deaths of John Lennon from the group The Beatles and John Dennon from the legendary Beatles. Now we have a new President - elect Ronald Reagan. It's inauguration time... Great big Planet Butler, Julio Hollywood! Good Lord... what's next?!!

A disastrous earthquake shook Italy, taking the lives of millions. Gang... there were so many fires too! San Bernardino went up in flames and the Las Vegas MGM Grand Hotel... later days! But, the biggest news of all... Kristen shot J.R.!!

Dear Diary,

It looks like a busy year this year, more race relation meetings, more standardized testing days, three straight I bet, and darn I forgot I said that I'd be on that district committee. Maybe this is why my favorite high school teacher enjoyed teaching... you never know what the day will bring, but it's usually busy and the students make it fun, even if occasionally there is a bad day once in a while.

What would we ever do without the counselors? One of the major aspects of their profession is tailoring students' classes to their academic future. Each counselor helps students match high school schedules to life time goals of the students, including college prep and job related courses. Although the scheduling difficulties seem endless the counselors did their best to process schedule changes as quickly as possible.

2

1. Responsibilities are shared by financial secretary Ina Diener, and clerk Sharron Mankins.
2. Burns, bruises and headaches could not dampen the smile of Dee Kacirk, the helpful nurse.
3. Counseling secretaries include C. Lacey, J. Potter, M. Bacchi, S. Dodd and W. Pruett. Many hours of hard work was required of them.

School without teachers? That's like Laurel without Hardy, bread without butter, the beach without waves or blue without gold. These have always complimented each other perfectly.

The teachers at this school are known for their consideration, enthusiasm, and their ability to teach. They see many students throughout the years. Whether the student graduates to become a lawyer or a housewife, a gas attendant or a veteran, the educational process has successfully been repeated once again.

1. The cafeteria staff included: J. Henson, M. Swilland, B. Gasock, L. Reiter, M. Hennigan, D. Smith, G. Sloan, H. Hultberg, M. Kosaka, C. Fickett. Not pictured: Y. Majors, district manager, J. Thorton, school manager, N. Piper, S. Esquillin, R. Wetherland, and B. Hess.
2. Instructional and Teacher's Aides include: B. Browne, T. Allequez, D. Lozano, M. White, N. Moe, P. Mique, A. Volpe, and O. Gonzales.
3. Main Office Secretaries were: Mrs. Runyon, Mrs. Spicer, Mrs. Weisenberg, Mrs. Jewett, and Mrs. Mitchell.
4. Security Guard, Mr. Ritter.
5. Media Center staff includes: Wilma Kozai, head librarian, Margo Denton, Glenda Austin, Pam McDonald, Buzzie Dall, Carol Flesk, and Stephanie Loving.

FALL SPORTS

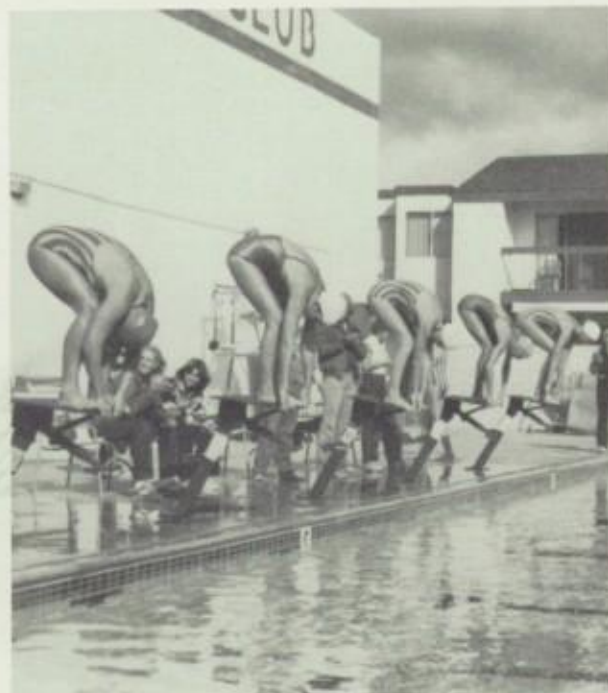

Dear Diary,

...the spirit and enthusiasm at this school...I can't believe it! And, oh, those jocks! There are actually a lot more out there besides the football studs! This fall the cross country runners have been racing all over the country-how they do it I'll never know!

One thing that really bothers me-the leaves are falling and it's getting dark by 5:15-how can those girl swimmers and water polo guys still be so tan? It's not fair! You'll never believe it-but now the tennis team is sharing time with a coed racquet swinging team-badminton. Coed sounds fun to me!

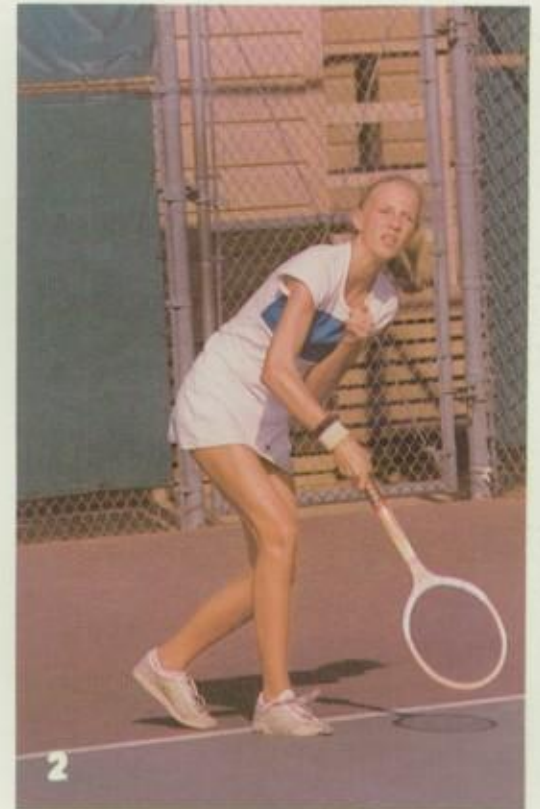

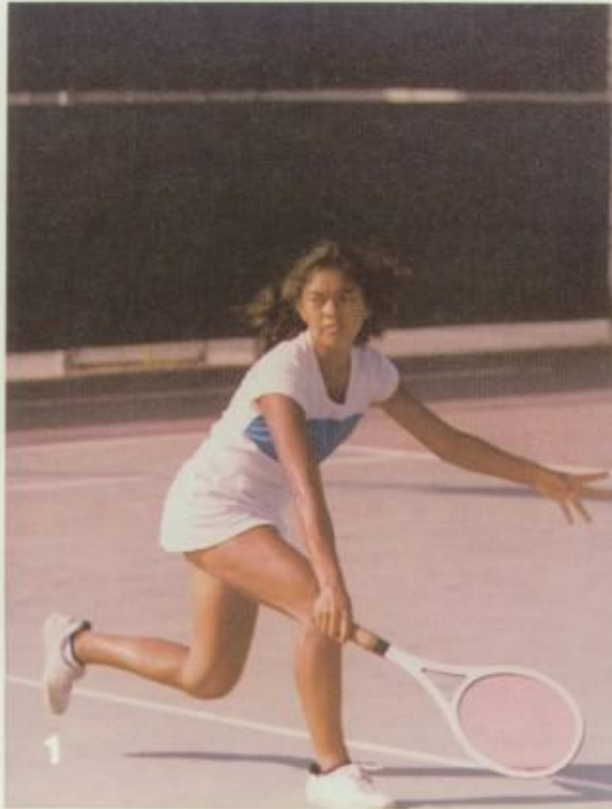

The other day I saw one girl take a dive right on the gym floor. What for? A mere volleyball! Just keeping up with all those sports is pretty tiring-I can just imagine how it is for the athletes! But sports are unity and fun for a great number of us high school kids-I'd have to admit, it'd be pretty boring without them!

Tennis Players 'Fall' In Love

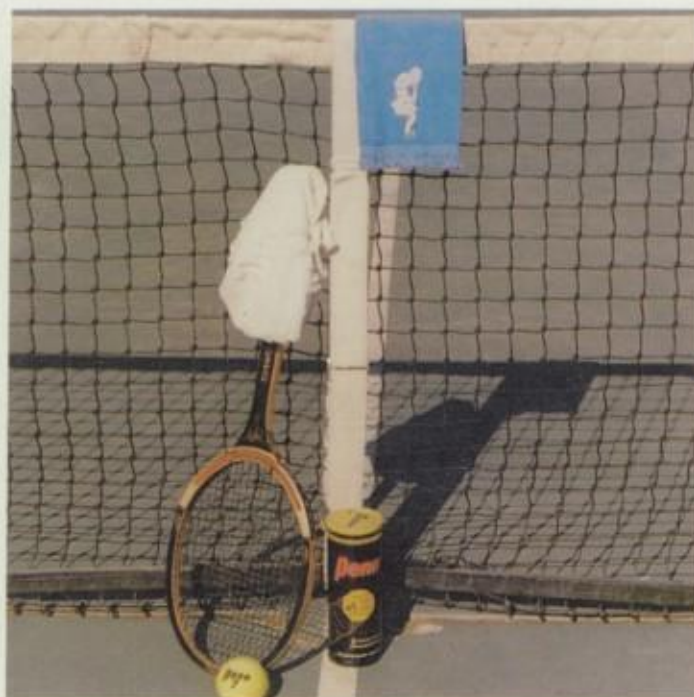

Looking past the short white skirts and the ruffled panties anyone can find nineteen tennis crazy girls working and playing hard on the tennis courts. With only six returning players the girls' tennis team began its season simply gaining badly needed experience. There appeared to be two levels on the team with Susan Sanchez, number one for her fourth year, and the other top players doing very well. The close matches and tie-breakers continued in the second half of the season as the girls had anticipated, but the second half was battled by a much stronger team.

With Eastern League individual finals at the end of the school season, Mira Mesa sent four singles players and four doubles teams, hoping for the best. A group of gigglers, always smiling, the girls tennis team is a closeknit group as each fights for her own individual goal.

Top row: Arlene Raxas, Susan Sanchez, Jennifer Larson, Arpil Wranik, Lynette Johnson, Mary Hiegel, Inee Arraola, Coach Christy McMahon, Paz Gonzales, Liz Donsker, Elsie Saria, Jacque Scott and Lisa Iverson. Front Row: Tammy Fredericks, Marie Iverson, Wanda Chong, Lisa Donsker, Marie Kerrigan, Debbie Hayes, Marjie Paderanga and Donna Fornas.

1. Eye on the ball at all times. Jacque Scott, serves with full force.
2. Susan Sanchez reaches the volley with perfect form.
3. Homecoming float - "Tennis is the New Wave."
4. Her serve at its peak. Elsie Saria prepares to ace her opponent.
5. "OK partner, we got this one wired!"
6. Doubles teamwork.
7. Debbie Hayes concentrates on reaching a difficult backhand.
8. Lisa Iverson aggressively battles her opponent with a hard-to-hit sliced serve.

Water Polo Shows Fall Spirit

Mira Mesa's Varsity and Junior Varsity Water Polo teams hit rough water this year. The lack of success was not because of lack of enthusiasm or hard work. They practiced every day after school, and although losing many games, the teams were very competitive with much desire and school spirit.

Mr. Larry Elliott was the coach of this sport. This sport is a different and unique one. It is played much like soccer except that it is played in water. The object of the game is to make a goal using only one hand. This sport requires much stamina and endurance which was exhibited by the team of 1980.

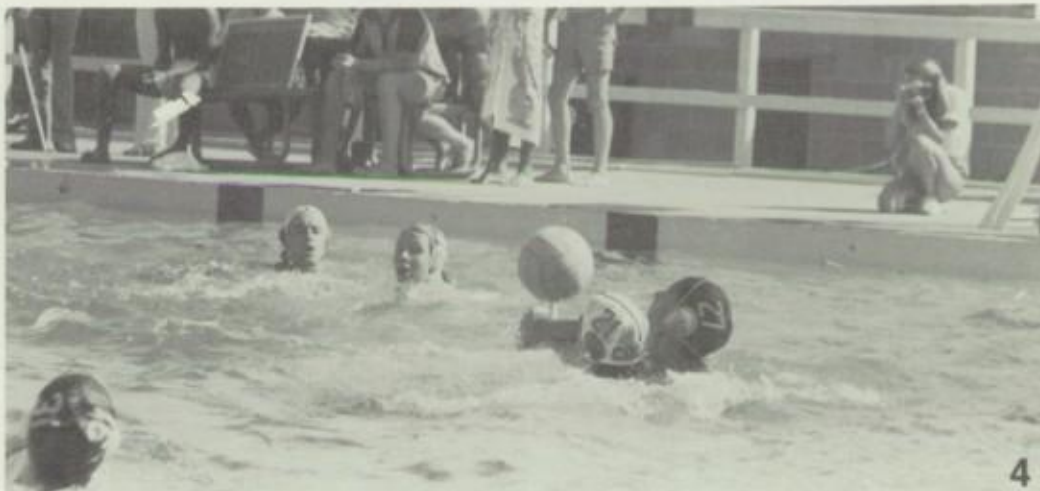

1. Back Row: Scott Webb, Richard Doklberd, Lance Picotte Front Row: Mark Smith, Robert Brassfield, Kip Benson Rusty Wheeler
2. Number 23, Robert Brassfield, scores easily off Crawford goalie.
3. Mark Smith rears back to intercept the pass.
4. Playing defensive hole, Lance Picotte fouls the ball away from his opponent during a game against league champions, Crawford High School. The Marauders played to a 21-6 defeat.
5. Back Row: Taint Mosker, Anthony Rogers, John Sakorotcki, Robert Sablan, Martin Helsing Steve Willard Second Row: Kevin Lacey, Eric Elliot, Butch Bardon, Bruce Arbuckle, Robert Padilla, Butch King, David Swaggetty Front Row: John Welsh, Mike Archebek, John Molesko, Chuck Delacruz, Matt Seymours, Sean Correa, Julie McGrath

Watch The Birdie 'Fall'

With the experience of only seven returning players, Mira Mesa's co-ed Badminton Team had doubts as to the outcome of the season. But through all those doubts, the Badminton Team did extremely well. They practiced every day after school and the vigorous workouts paid off when the Badminton Team won most of its games.

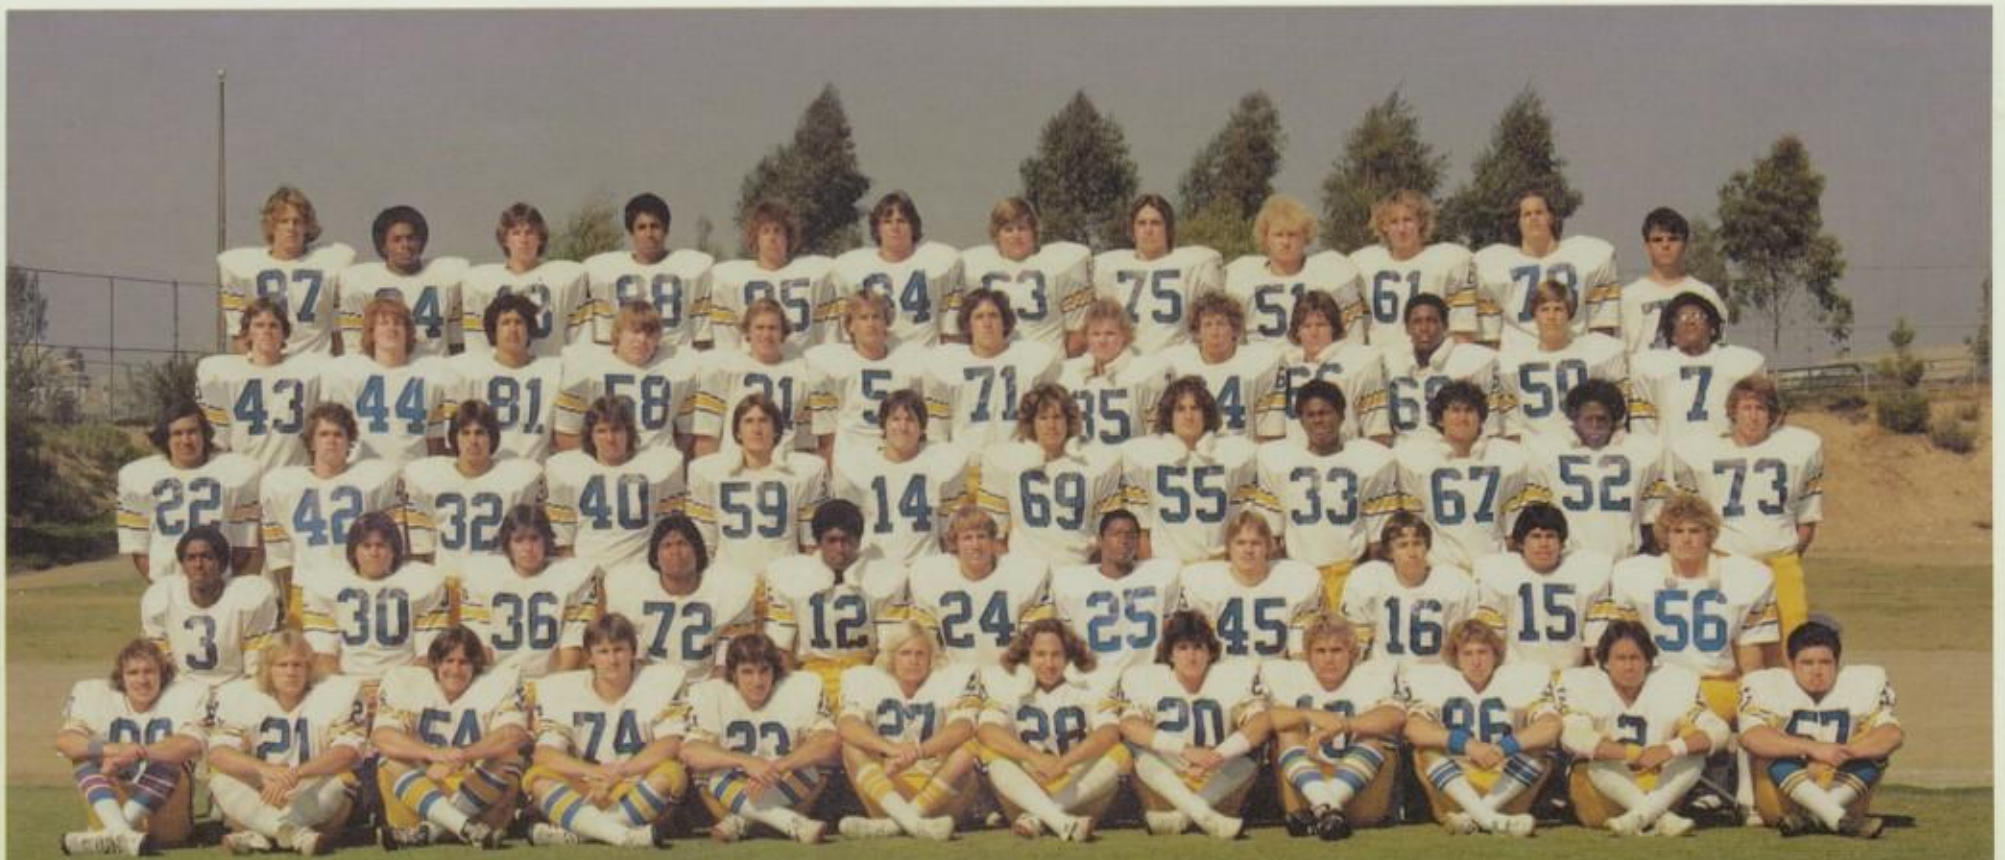

Mrs. Carol Stowe was the coach of this sport. Badminton, like many other sports, teaches physical agility, mental alertness and good sportmanship.

1. Kelton Alvarado shows his style while waiting for the birdie.
2. Happy over a victory Esther Buack and Gerald Carothers celebrate before heading to the locker room.
3. Top Row: John Logan, Sean Malone, Jeff Sheffel, Larry Dumpit, Wilfred Enriquez, Eric Heldwein, Loren Carothers, Mike Malone, Gerald Carothers Middle Row: Coach Stowe, Tony Ramirez, Christina Jones, Anita Sinha, Ludy Reges, June Diuco, Venessa Pope, Frank Bangongakasa, Kelton Alvarado, Manager Sue Joseph Front Row: Anna Albiler, Gina Roxas, Tanya Phan, Esther Buack, Gayla Phillips

If It's Fall It Must Be Football

Top Row: Mathis Huff, Eric Nelson, Richard Brady, Marcus Smith, Eric Jackson, Steve Smith, Eric Brockmire, Dave Foss, David Torok, Dan McClain, Dave Graack, Manager Melvin Ellis Second Row: Bobby Geis, Tom Smith, George Delgado, Tony Carlisle, Mike Cusick, Andy Brockmire, Terry Mains, Robert Flynn, Pat O'Connor, Doug Webb, Vincent McNeil, Wade Giles, Cleon Tate Third Row: Alta Jenkins, Ed Bray, Joe Sanceda, Bill Hesghman, Fernando Fernandez, Chris Wredin, Mike Breckenridge, James Mansfield, Mike McGraw, Robert Lequian, Randy Sellers, Howard Simon Fourth Row: Tony Giles, Charlie Sellers, Eddie Bravo, Jack Fernandez, Maurice Howard, Mike Randazzo, Darrell Brooks, Wez Barrett, Mark Randazzo, John Bennett, Scott Koenig Front Row: Robert Jacarro, Greg McCully, Mike Rios, Bill Havens, Clark Crider, Kevin Lightcap, Vincent Farina, David Vigil, Doug Giessman, Ron Jaccaro, Jose Tabornial, John Perez

So Let The Marauder

Hut, Hut, Hike! Although the football season wasn't a total success it had to be said that at least they tried. One player said the problem was a lack of dedication and enthusiasm, but many varsity players would like to play football in college and do love the sport.

The team's 55 players practiced four days a week for two to three hours with a game each week. Drills consisted of sprints, starts, and agility moves. The team had many young members, who showed much promise for the future. Two of the best kickers in the city, Dale Giesman and Andy Brockmire, were a strong contribution to the Marauder effort.

1. An extra point is attempted by Dale Giesman.
2. Dale Giesman's swing captured in motion.
3. Tony Giles concentrates on the snap during the Marauder's first home game.
4. A pep talk before a game is sometimes helpful for both J.V. and Varsity.
5. Bill Rice makes the catch.

Season Begin

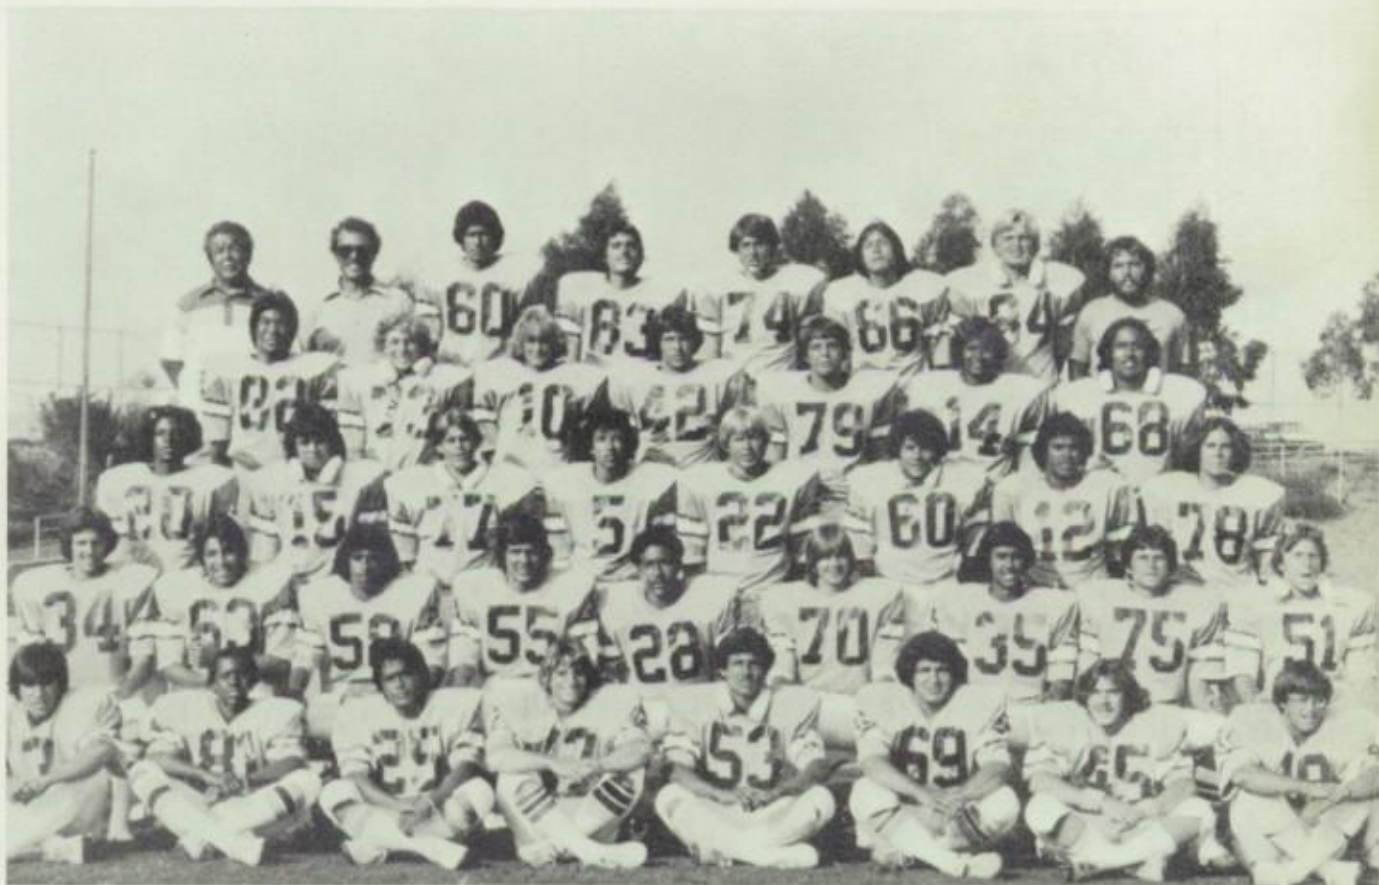

4

The Junior Varsity Football Team, made up mostly of ninth and tenth graders is the training ground for varsity. For many of the 40 players, it's their first experience with organized football. The few juniors provide moral support for the beginners and gain additional game time to improve for play in their senior year. The same hours of practice, sprinting, kicking, body contact and analyzing the opponent are put in by the junior varsity. Head Coach Dick Clem was assisted by Gary Blevins, and Roger Randazzo in training these future winning Marauders.

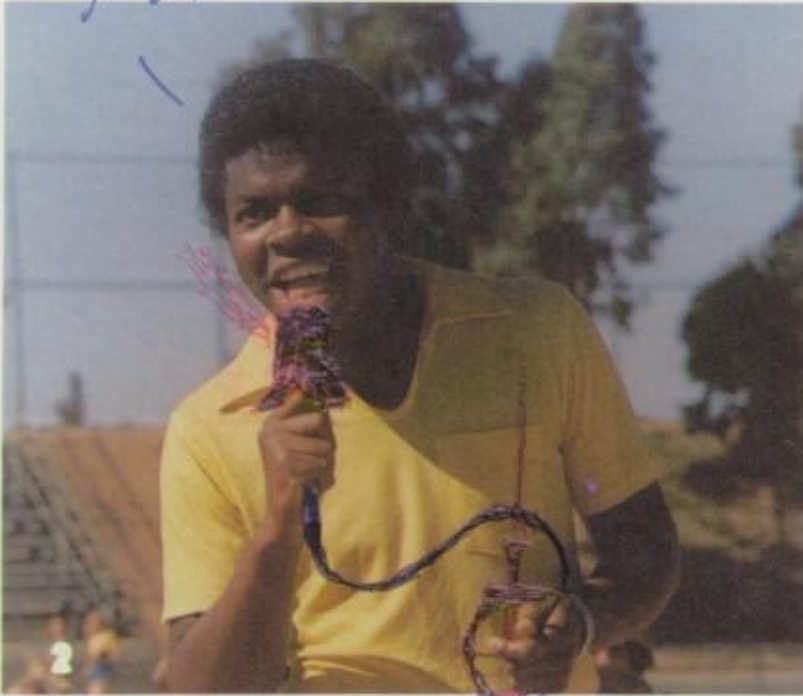

5

Top Row: Mark Holmen, Don Thatcher, Eric Jespersen, Bill Rice, Robby Coffin, Coach Blevins; second row: Marcelino Ergino, Ricky Zeman, Doug Howe, Joe D'amato, Todd Acosta, Joe Rico, Bobby Barcelon; third row: Falquay LaFayette, Louis Perez, David Huntley, Shawn Salcido, Scott Newman, Mike Vigil, Henry Llopis, Corey Drake; fourth row: Rocky Baldino, Ernie Servin, Bob Saloman, Denny King, Doug Shear, Joe Wilson, Bill Clark, Larry Lammers, Mike Stewart; and front row: Tim Hollingsworth, Doug Odom, Ephraim Tabernal, Mike Swan, John Barens, Jim Cuno, Frank Bridges and James Longnecker.

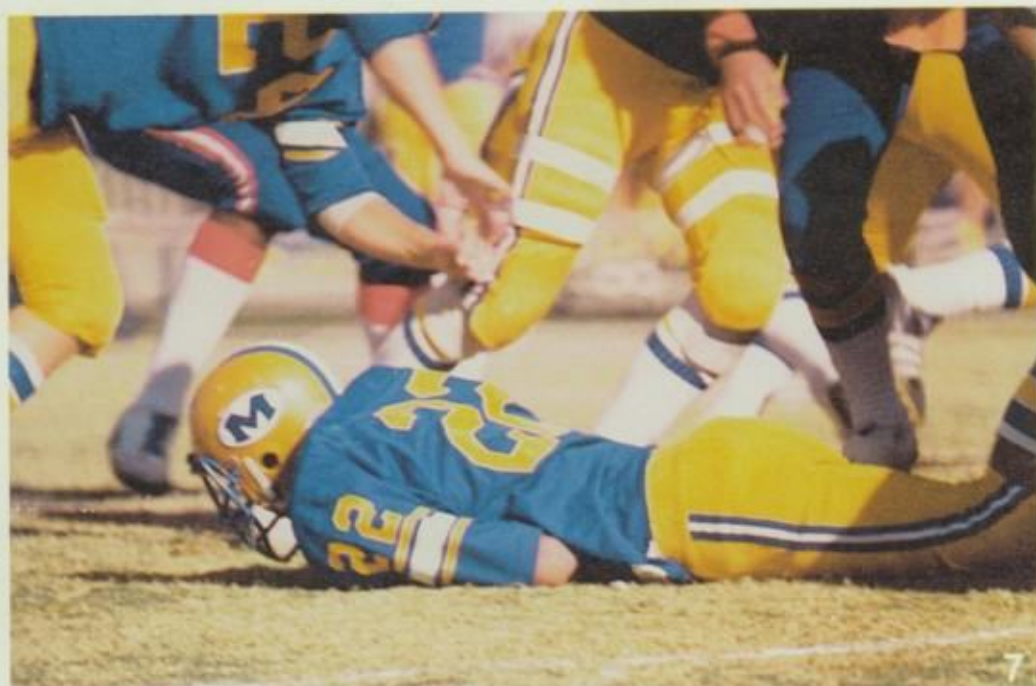

Marauders Score In Spirit

NEVER
SAY DIE

1. Mira Mesa fans show school spirit as the band plays the Alma Mater.
2. Alumni Morris White, leads fans in Homecoming spirit as a yell leader.
3. Dale Gieseman scores extra point after sole Marauder touchdown.
4. Runningback, Tony Giles, dives for first down yardage.
5. Head Coach, Brad Griffith, assistant coaches, Dave Mills and Dick Smith apprehensively watch first half play.
6. The class of 82 and Miss Piggy win float competition and enthusiasm from the crowd.

The 4th annual Mira Mesa Homecoming game was a success. The enthusiasm on and off the playing field made up for the lost game. The Marauders battled the Clairemont Chiefs to a 7-35 loss. The Marauder touchdown was made by fullback, Eric Nelson and the extra point was earned by sure-footed Dale Giesman. The spirit level was extremely high and with the help of many parents and alumni, both cheerleaders and fans, the crowd was lively.

The Homecoming Parade which began before the game and continued at half-time, created much of the spirit and enthusiasm. The classes, clubs and sports represented by the floats became as much a part of the school Homecoming as the football players battling hard on the field. Each class, the cheerleaders and songleaders, tennis players, swimmers, FHA-ers, and Our Races United club members represented the school in unity.

7. Refusing to forfeit the ball, wide receiver, Alto Jenkins, falls on punt to ensure safe keeping.

8. The marching band including Charsee Chamberlin, encourage enthusiasm during pre-game pep-rally.

9. Eric Nelson plows across goal line accounting for single Marauder score.

10. Cheerleader, Bridget Keder invites crowd to be enthusiastic.

'Fall' Runners Stride For The Lead

The highly spirited Cross Country teams did it again! They were the league champs and ranked third in the Eastern League. The top runners on the team were ranked top in the county, under the guidance of Coach Dennis Lottermoser and Coach Teri Gregor. This year it was surprising to find that there were more freshman runners than in previous years. The team consisted of seven seniors, fourteen juniors, thirteen sophomores, and twenty-six freshmen. In order for the freshmen to qualify, they had to run the mile in six minutes, thirty seconds. As this winning season opened, Coach Lottermoser was sure that they would qualify for C.G.F.

2. Patrick Henry step aside cause Jack Kairy is showing his stuff.
3. "Ok come on! Someone tell me where the end is," states David Nowakowski.
4. Spectators urge Bill Garcia on.
5. "Where did everybody go?" asks Dan Hsu.
6. "So what's the latest news?" asks David Scholkmom to Andy Cheek.
7. "Ah! The feeling of victory," exclaims Jack Kairy.

Swimming Dives Into 'Fall'

The 1980 Swimming Team continued its winning ways because of dedication by each of the 40 swimmers. Each girl contributed individual effort which was melded into a winning team.

Much of this motivation comes from the team coach, Mrs. Lisa Carter, who has fielded winning teams for the last few years.

The Girl's Swimming Team practiced at the Mira Mesa Racquet Club, and were strong in most of their events. All this hard work paid off when they faced tough competitors like Kearny High School.

Members of the Swimming Team received many and varied rewards for their effort, including the thrill of C9F class competition, and personal satisfaction resulting from dedication.

1. An example of an intense swimmer.
2. Bang! Mira Mesa is off to a good start.
3. Top Row: Erica Osborne, Frances Toscano, Tammy Anderson, Julie Toscano, Kim Faught, Wendy Overly, Cindy Peleck, Tana Haldway, Stacy Lang Middle Row: Leah Esquibel, Bonnie Jolenski, Oly Korandovitch, Twila Bauer, Kim Korowski Tire L to R: Beth Walther, Katie Woodson, Caroline Anderson, Coaches Kathy Hultburg, Lisa Carter, Gabby Smith, Kathy Hiegel, LaDawn Waller, Chris Steepleton, Lisa Miller, Sherri Barker, Laura Sandman, Beth Levinson, Kathy Pasturizak, Lisa Acampora, Shawnie Zerr, Quinta Bauer, Holly Horton, Wendy Rank Front Row: Missy Hiegel, Bronwyn Austin, Shelly Anderson, Tina Michael, Julie Medina, Debbie Levinson, Kari Cobble

The Spikers 'Fall' Into Place

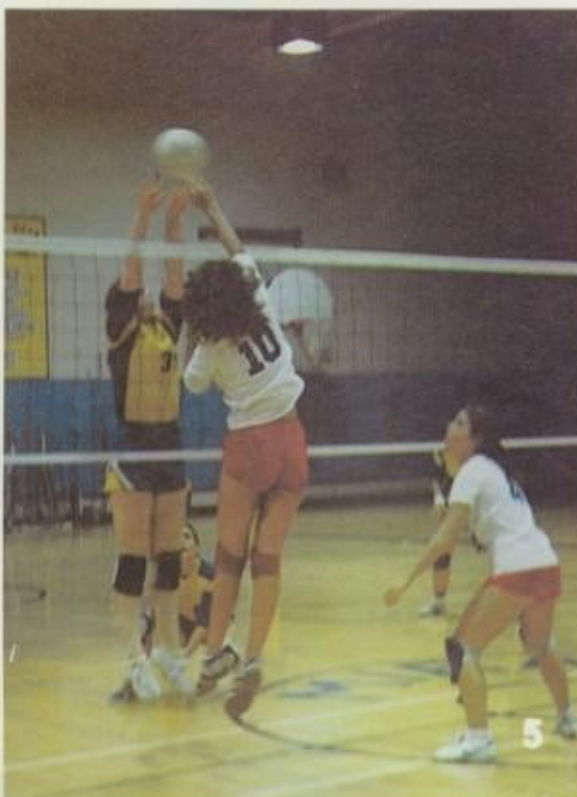

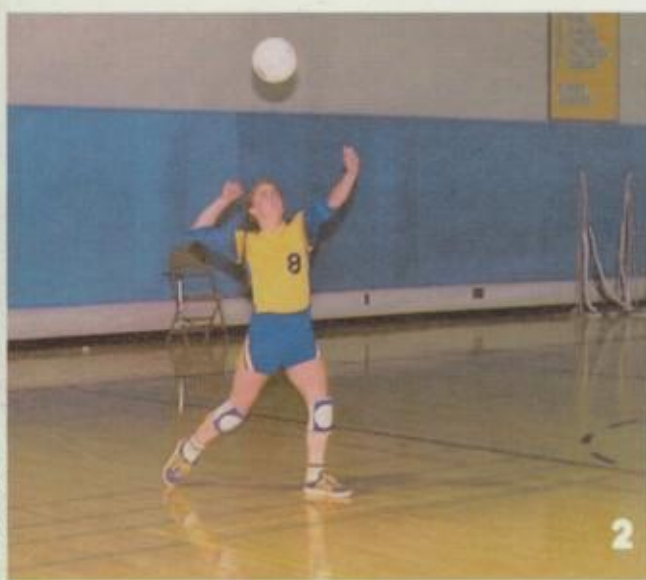

The spiking Varsity Volleyball team proved itself this season. Coming into the year, they were talked about as "the team to beat", by opposing teams in the Eastern League.

With many years of experience behind them, enabling them to perform with much more confidence than in the previous years, the girls felt at ease on the court as well as off. Secret Sisters, selected by each member, helped in encouraging a good game and was an enjoyable spirit promoter.

Many injuries did some harm to the team unity, but due to the versatility of the players, they managed to do well, no matter what position Coach Ronni Olsen put them in.

If ever there was a year for volleyball, this was it!

1. Varsity Volleyball team Top Row l-r: Coach Ronni Olsen, Careen Thorpe, Melanie Bowles, Jennifer Roberts. Middle Row: Melanie Camp, Danelle Proctor, Lina Huff. Bottom Row: Theresa Everson, Cheryl Arreola, Deadrea Johnson, Marie Sablan.

2. Theresa Everson concentrates on serving for a crucial point.

3. Danelle Proctor hits against a tough Crawford block.

4. Marauder defense prepares for a returned shot from Madison opponents.

5. Melanie Camp battles for a block.

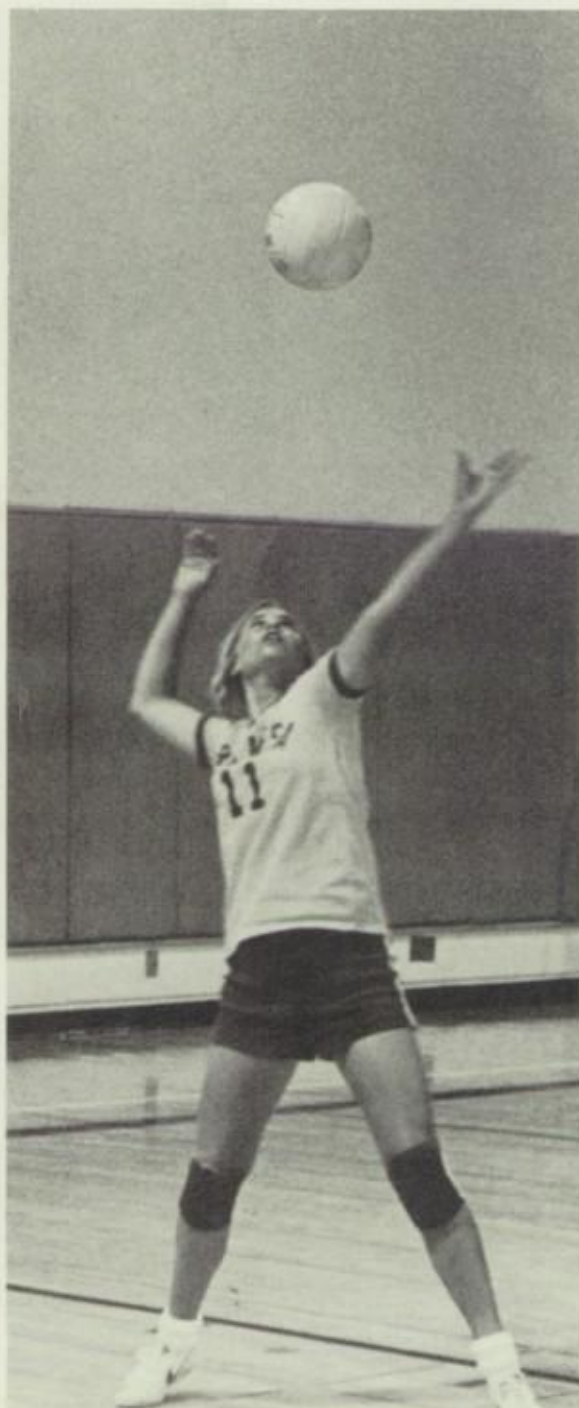

J.V. Volleyball 'Falls' For Experience

With only two returning Junior Varsity players, most of the Volleyball season was spent gaining experience. Coach Debbie Holm took on the job of teaching the fundamentals of the game to a group of eager-to-learn girls.

The basics of the game were stressed and an all around familiarity of the game arose. For some who had never played volleyball on a competitive level, they gained the knowledge which will further their careers.

Hard work and dedication carried them to have a very good season.

1. Kathy Hutton attempts a spike to add on some Marauder points.
2. Gina Ylagan bumps the ball to her setter starting the offense.
3. Brenda Dukme shows the form of her devastating serve.
4. Junior Varsity Volleyball team Top Row l-r: Coach Debbie Holm, Gina Ylagan. Middle Row: Brenda Dukme, Lori Campbell, Susan Tagaban, Joann Lemau, Kathy Hutton. Bottom Row: Evelyn Padua, Tammy Glazewski, Laura Wing, Beth Ramat, Trisk Hontucan.

Girls Cross Country Runs in Fall

They're off and winning! Another champion league is the Girl's Cross Country Team. There is really no great difference in the training of the Girl's Cross Country Team because they all work out at the same place. This year the team is made up of mainly freshmen girls. There were no try-outs for the girls this year but, they were timed to see how fast they could run. When the girls run, they run a two mile course. (one mile shorter than the J.V. and Varsity teams) When any of the teams run, they always run tri-meets, so that they can have more meets during season instead of running against one school at a time. Said one of the members on the team, "We're just one big family."

1. Top Row: Kim Roberts, Amanda Thurgood, Lorie Range, Jana Wilkinson, Sally Rogers, Kelly Sprouse, Tisha Flores, Coach Terry Gregor Second Row: Sherri Keller, Shelley Cox, Mary Agcaoili, Maris Jones, Karen Jones, Tammy Gazarek, Sheri Sandman, Kim Leary, Becky Cusick Third Row: Elizabeth Reyes, Doelora Blahak, Mary Belisaro, Leanne Range, Suzie Ouellette, Teri Moore, Anna-Lisa Harkoner, Robin Rowe Front Row: Roxanne Barrette, Shelly Anderson, Sandy Toner, Besty Chadwick, Lisa Davies, April Reynoso, and Mary Gaba

2. Even Mascots love to run.

3. Roxanne Barrette and Sally Rogers begin the two mile course.

4. Mary Agcaoili and Sherri Keller keep a hard but steady pace.

Dear Diary,

This was my first year at Mira Mesa High School and I thought I would never get here. Things were so different compared to Wangenheim, and there was so much going on! The things I will remember best of all happened in the first week. I had trouble finding all of my classes, and ended up being late for all of them. That didn't make a very good impression on my teachers. My classes were okay, and my favorite one was P.E., that is until they made me run a mile around the track! It made it even worse when you had P.E. first period.

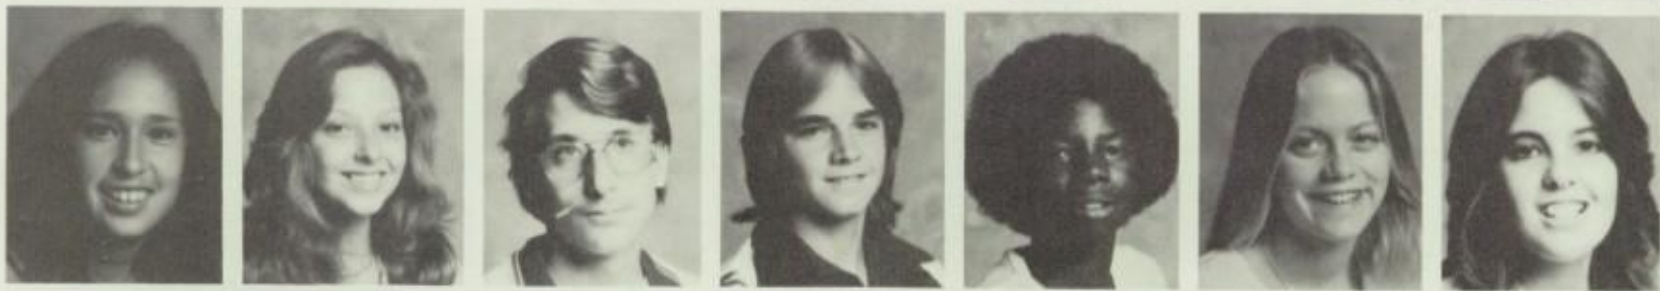

I'm so happy it's finally over. It is really good to know that I won't have to go through this much confusion next year. I had a lot of good times, along with the bad. I sold flowers, and chocolate with the freshman class council, and we also met a lot of new and interesting people. One thing is for sure, I will never forget my first year of high school.

6/11/81

Bill,

I've seen you around lots of times
but I have to admit I just really
got to know you and from what
I see of you — you are
a real nice guy. I wish that
you would be around for
next year but the looks of
it your not going to be.
Well all I can say now
is hope to see ya in the
future. Have a real nice
summer.

Angela (Huen)

P.S.
Don't party too
much But if you
want you can party
some more me.

Winter '81

Bill,
I had a lot
of fun getting to
know ya this year
take care and lead a good
life you deserve. Keep strummen
and be happy. You're a real sweet
guy and I'm glad I know ya.

Love always,
Lina Bonham.

Keep strummen
and think of me

Enjoy it

Winter VACATION came AND went too fast. CHRISTMAS DAY was hot even FOR CALIFORNIA, the temperature reached 76 degrees. Not withstanding the high temperatures, A good time was had by all. Snow being non-exist, snow skiers turned toward the beach to water ski AND surf. The New Year began with a bang OF course. It's time to start over, with the new Semester, I can forget about last Semester's Report card AND remember about the good times. Now is the time when I go to new classes, meet new friends AND teachers, AND get a fresh start.

As this rainy season seemed to begin, the Chargers were doomed. They lost the American Conference to the Oakland Raiders 34-27 on a dizzy afternoon in the Stadium. The Raiders first touchdown did it. The fans felt it in their bones.

Rain wasn't such a big thing this winter, but the Bangkok flu took its toll; almost as many as the faint hearted who suffered through the measles immunization clinic at school.

What an exciting Tuesday in January, RONALD REAGAN became President AND our 52 hostages came out of IRAN, AFTER 444 days.

CLUBS

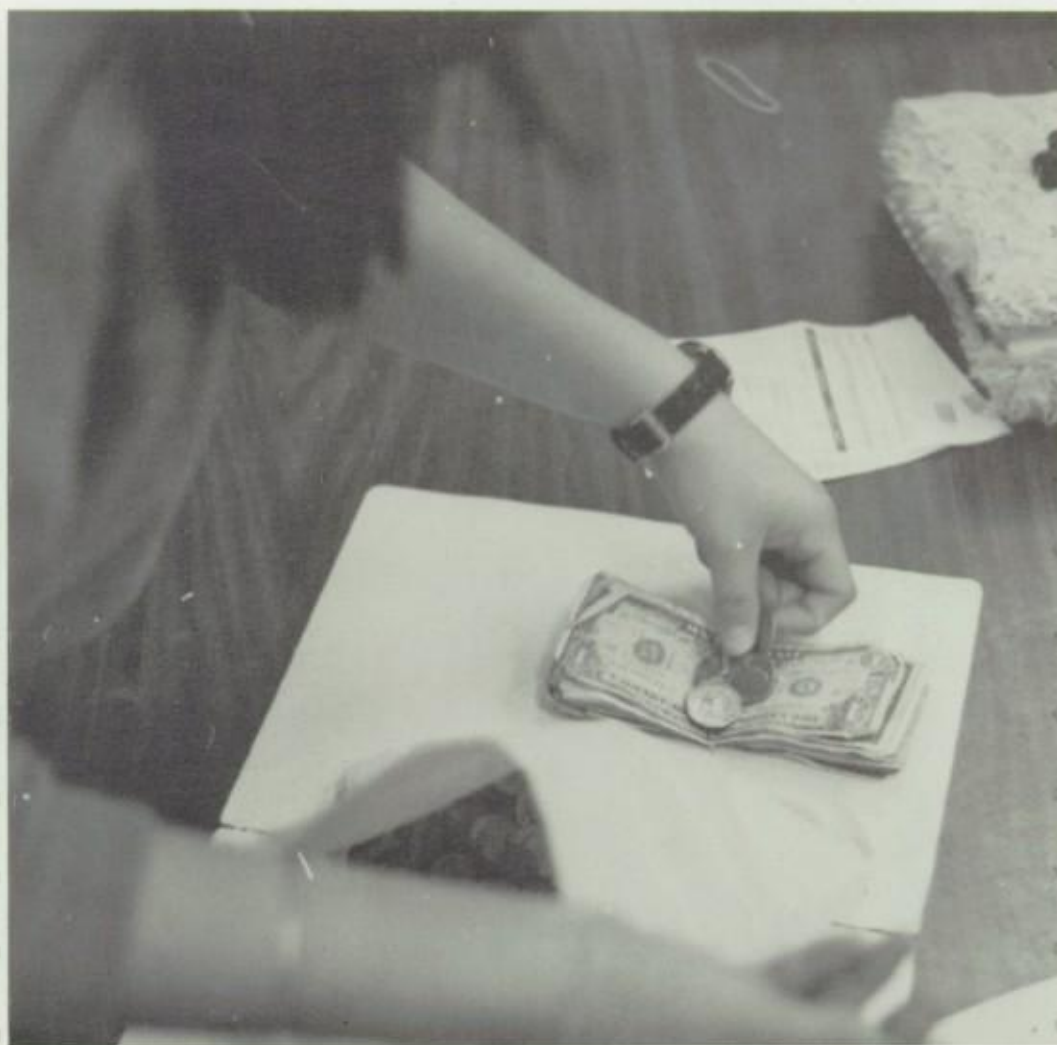

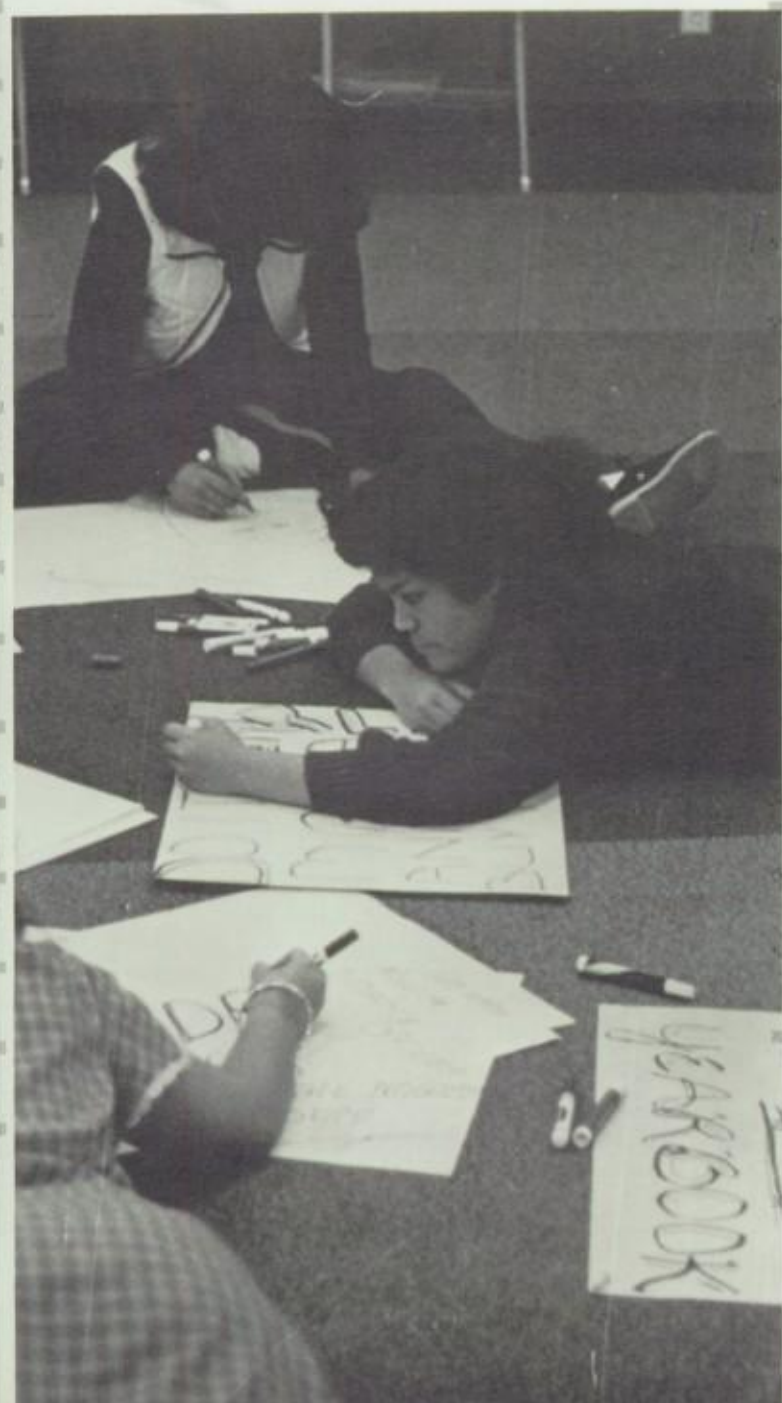

Dear Diary,

Joining this club wasn't such a bad idea after all, in fact I really like it! I mean...it's a great way to meet girls! There's so many more girls than guys, and boy are they extra friendly when you're one of the only three males. I'm sure not complaining.

Raising money...well that's not quite as much fun as chasing girls but everyone has to make sacrifices. I never realized how much work goes into all those fund raisers! It can get pretty exhausting-candy sales, paper drives, car washes, and bake sales-I haven't raked this much money in since the time I sold Scout Fair tickets, and then I didn't need to know how to bake.

I'm getting pretty used to staying after school every week too. Things sure look a lot different after 2 p.m. when everything's empty. At first it was pretty much of a drag, but it keeps getting a little easier to stay late for meetings. The girls are always complaining because they miss "General Hospital," but I'd rather be able to go home and eat!

We've got Spirit, How 'bout You?

The Spirit Club certainly was enthusiastic this year. They cheered at all of the football and basketball games and often cheered at other sports during the year also.

The club met on Tuesdays and with Ms. Judy Johnston, advisor of the Spirit Club to plan events. During Christmas they sold candy canes and for Valentines they sold roses. The money they raised went to help provide for transportation for activities.

The whole idea of the Spirit Club was to promote spirit into everyone. To get everyone closer together and to have a really good time.

1. The Spirit Club cheers at a home football game.
2. Shelly Anderson sure is glad Marauders make a touch down.
3. Members of the Spirit Club were: Blanca Padres, Susie Delgado, Ms. Judy Johnston, (advisor) Josie McKee, Linda Price, Heike Hugo, Theresa Rominger, Kristi Nuemann, Michelle Skalboz, Joanne Wiersma, Margaret Hara, Missy Nosker, Kim Trapnel, Shelly Case, Kim Russel, Cindy Jackl, and Shelly Anderson.

Who Shakes the Best....

What ARE Chargettes? I guess you could say they're our male cheerleading squad! Since the second year of the school's existence, there have been Chargettes. With every year they gained more experience and talent.

The Chargettes cheered and danced at occasional pep rallies. They worked hard this year to perfect their performances.

Their uniforms, hairdos and makeup showed their enthusiasm.

Ms. Ann Oberhaus, advisor of the terrific squad was happy to help.

Come Along, Sing a Song

Mira Mesa, unlike some schools, had the fortune of having three different and highly skilled bands. They were the Marching, Pep and Jazz Bands.

Although the Marching Band's size has reduced in number to 68 members from previous years, past experience and hard work contributed to the fine quality of the group.

The 33 member Pep Band and the Marching Band played at every Marauder home football game. The Pep Band also demonstrated its spirit by performing at all away games, plus basketball games.

The Jazz Band's performances began in the spring. They, along with the Marching and Pep Bands, played at the school's annual International Faire.

The bands also teamed up with the Drill Team for a community fund-raiser concert, known as Pop's Pourrie.

The largest performance given by the bands was during the annual Southern California School Band and Orchestra Association Concert Festival in March.

Strikes, Singles, and Spares

One popular hangout for 30 Marauders actually was an alley. But that was much safer than being in a gutter agreed all the members of the Bowling Club.

Sponsored by Mrs. Nina Moe the bowlers had a fulfilling and satisfying year of splits, strikes and spares.

Composed mostly of ninth and tenth graders they joined the club for after school entertainment. Meeting Wednesdays after school at the Mira Mesa Lanes, these bowlers improved their playing skills quickly.

The students had fun together even as they competed against each other for various titles and trophies which were presented in May.

Fresh Steve Knight and Sophomore Tony Schillizzi agreed that they really had a good time and enjoyed bowling as their hobby. Mrs. Moe added, "it's one way of human relations that works."

The Stage, the Crew and the Works

The 1980-'81 Sword and Scroll Society is a group of motivated young people, dedicated to producing and acting in fine theatrical works. Many hours of work and memorization went into preparing for a single play. But their efforts were well rewarded at a banquet in January where members received trophies, pins, plaques, and letters of Old English style.

The 50 member club consisted of actors, stage crew, and house crew. Being in Sword and Scroll required members to participate in all theater aspects of production: everything between acting to ticket sales. Doug Varner, senior, said of the club, "it goes beyond the school realm." The group participated in a haunted house, October 27 at Balboa Park's Museum of Man. Some members also ushered at the Old Globe Theater or were "extras" in operas.

Club officer Sue Kliskey, senior, summed it up, "The feeling of glory when you take the finale bow is like no other experience."

Heroic Teamwork Gains Trip

FHA-HERO is a nationwide organization with a Marauder chapter. It is a unique organization which emphasized training for leadership skills.

The local group weekly on Mondays.

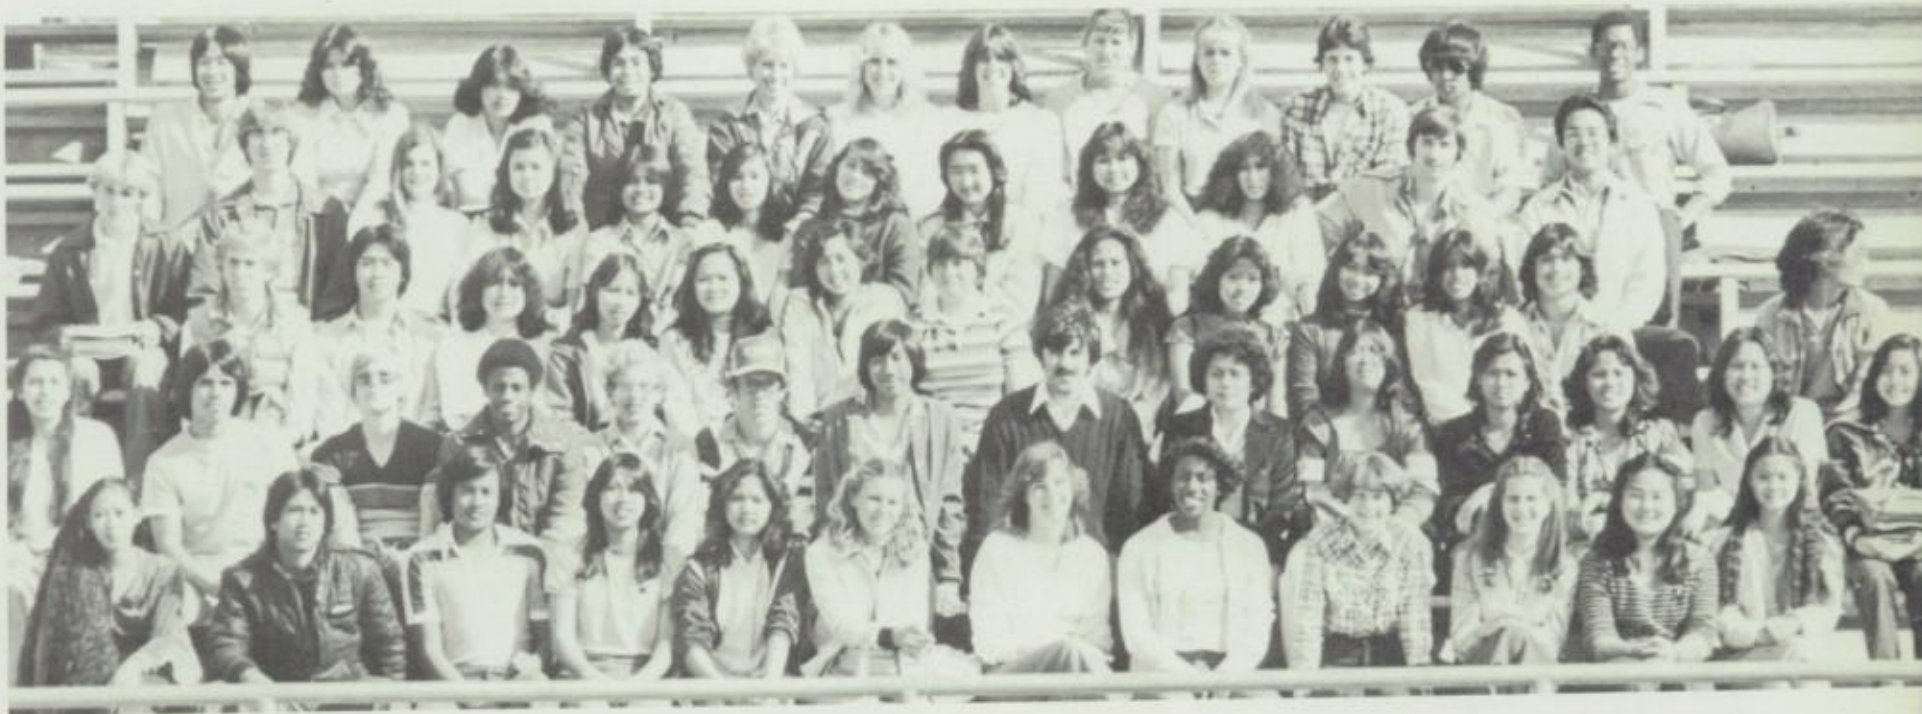

Future Home Makers of America-Home Economics Related Occupations had fund raisers such as pumpkin pie and Valentine cookie sales, along with some Christmas items that were sold during lunches. The money that they earned helped support their trip to Sacramento for a competitive recognition event.

In the big Sacramento event against all other schools in California, they competed in salad making, child care, energy conservation and a sewing marathon. Mrs Peg Hollenbeck was the club's advisor.

1. FHA-Hero members sample chips and hot sauce.
2. During a family studies workshop, Father Mel a guest speaker from the community, spoke of the role of families in society.
3. Participants of FHA-Hero are from left to right: Susan Woods, Ms. Gwen Jensen, Shari Davis, Sherry Barker, Ms. Peggy Hollenbeck, Stephanie Schuck, and Susan Dansek.

C.S.F. plays an important role for many high school students. Club members achieved high grade point averages, and "life time" members were honored at graduation with special seals on their diplomas and distinctive cords.

The California Scholarship Federation was both a successful and prestigious group on campus. Former members have obtained good status in college and a sense of personal satisfaction.

Advisor Louis Regas, and President Alex Anamos worked together to plan activities and graduation details. Unfortunately, the Club's annual Disneyland trip was cancelled, due to lack of funds and problems with bus transportation.

School Improvement Program
Responding to the educational desire of the community, students and teachers this group of 20 interested people provided a framework for allocating funds to strengthen these desires. Now in its fifth year of action this group oversees expenditure of funds from State Assembly Bill 65, used here for basic skills classes, the communication lab in B-24, general math and the multi-level English class. The money that S.I.P. received also assisted a great deal with our Human Relations program along with the attendance and discipline programs.

The school could not function and be run as properly as it has been with out these concerned six parents, six students, seven teachers and five non teaching staff members.

S.I.P. members back row l to r were: Kim Coody, Frank Caso, Mike Malone, Suzanne Emery, Bob Murrill, Jim Cooper, Mrs. Runyon, Bill Male, Stan Brown kneeling: Wilma Kozai, Bob Runyon, Darryl Brooks, Mike Hafden, Paul Murphy, and Ms. Buzzie Dahl

Togetherness, O.U.R. Club

A new club on campus, Our United Races, O.U.R. Club, formerly the Latino club, showed its spirit by participating in many activities, including an exciting Homecoming float. A can food drive, successfully brought in many items for the Casa de la Nina, a girls orphanage in Tijuana. O.U.R. club and Harmonium has set a goal to bring about the building of a youth center in Mira Mesa, a goal they hope to see in effect soon. Our United Races' banquet on January 3, proved to be a rewarding night with delicious food for the parents. The club met every Wednesday after school in the 400 teachers' lounge.

Food for Thought

"The Galley", the student run store was operated by A.S.B. interns. It was a successful year with the increased sale on the variety of foods on display; along with the omission of most of the junk food. Every Wednesday's proceeds from the student store supported many activities for the student body. Future Business Leaders of America operated the Galley during January; February and March the Seniors worked, and in April the Sophomores operated it.

Parlez-Vous Francais?

The French Club was very successful this year. They had all kinds of fund-raisers such as a donut sale, flower sale and a newspaper drive.

Giselle Cadot, advisor of the French Club, had a really great time participating in the events of the French Club.

The money they raised went to help students go to France during the summer. The French Club was very active at the International Fair. They had a booth where they sold crepes and coke.

Sail Away With FBCLA

Future Business Leaders of America was an organization aimed at providing leadership qualities while members acquire business skills and experience.

On December 6, FBCLA attended Southern Section Fall Workshop. There were three units throughout the day. Public speaking, grooming, writing, communication and motivation were just some of the things Marauders were taught.

Some of the purposes in FBCLA were to be competent business leaders, encourage improvement in scholarship at home and in the community, to develop character and strengthen confidence in young men and women, both in themselves and in their work.

Mary Patterson was the advisor of FBCLA, which met at least once a month. Their elected officers for this year were Susan Danscuk, President, Natalie Gerard, Vice President, Natlie Korandovich, Treasurer, and the Parliamentarian, Cherie Courier. The Parliamentarian is a chairperson of the parliamentary procedures competitive team.

Mogul Marauders No

Nothing stops those Mogul Marauders! The largest club on campus, the Mogul Marauder Ski Club has survived one of its most trying seasons. Our west coast winter of warm, sun-filled days made for a club of worried skiers. But when the snow began to come, nothing held the powder-itchy skiers off the slopes. Making two weekend trips, the skiers hit jackpots of snow storms and fresh powder each time.

A close-knit bunch, the skiers stick together at home as well as on the slopes. The advisors, Tina Graham and Andrea Jankovich, were assisted this year by a parent committee, enabling them to join in more of the essence of the Mogul Marauder Ski Club, making friends, having fun, and skiing your heart out.

The Mogul Marauder Ski Club members are:
 President: Monte Lutz, Vice president: Chris McLauchlin, Secretary: Mary Hiegel, Treasurer: John Logan, Attendance: Melissa Freeman, Advisors: Tina Graham and Andy Jankovich. Other members were: Bonnie Armstrong, Mike Asaro, Arleen Basurto, Kelly Beddome, Mike Bell, Liz Bescker, Roger Byron, Chris Cameron, Terry Campbell, Kellie Cartwright, Wes Cummings, Tim Curran, Becky and Mike Cusick, Brad Dodge, Anna Elmstrom, Bret Fitzpatrick, Charlotte Gerrior, Barbara and Carolyn Grant, Bill Harris, Chris Hodges, Craig Hogencamp, Eric Jackson, Peter Jelkeby, Debbie Joas, Jeff Johnson, Jeff Johnson, Chuck Keeley, Kenny (Bunker) Lambert, Lori Lange, Holli Logan, Sharon Lynch, Mike Lyons, Mike and Sean Malone, Sharon Martin, Kelly McLauchlin, John Moriarity, Dave Naetzel, Kristi and Scott Neumann, Rockelle Norsworthy, Christine Poehlman, Matt Seymour, Kathryn and Michelle Shivers, Penny Simpson, Greg Smith, Steve Smith, Ann Sommers, Michelle Spritzer, Paul Swanson, Sue Turner, John Vance, Katie Woodson, and Robert Zaccaro.

Dancing Days Are Here Again

A new club on campus was the Jazzmin Club. This club was a result of girls interested in jazz dance.

Club President Davida Ellis exchanged routines with Ms. Debbie Holm and introduced them to other club members.

The girls met three times weekly, practicing timing, coordination, and precision which are vital to this form of dance.

The club also concentrated on raising funds for costumes. A major objective was to present a performance to the school.

"It gives me a certain sense of fulfillment and self-satisfaction," said club member Melinda Lopez.

Making up routines to new music required knowledge and concentration. The girls had the ability to be productive and performed well. Senior MaeLin Woo expressed "It's a way of sharing our talent with others who can appreciate the art of jazz dance."

Communication is the Key to Success

The small but prestigious Speech Club participated in debates in both demonstrations and competitions. They took part in a demonstration with the Toastmasters Jan. 29. Members agreed that the activities were interesting and informative. The major advantage though, was the experience of learning to speak in front of others in a clear concise manner.

The Key Club is an international organization which offered an introductory education in corporate business, reality, and other business related industries.

Projects ranged from providing funds for a Valley Forge Freedom trip, to raising money for community service goals or helping senior citizens. They volunteered, or provided services for a minimal fee.

WINTER

SPORTS

Dear Diary,

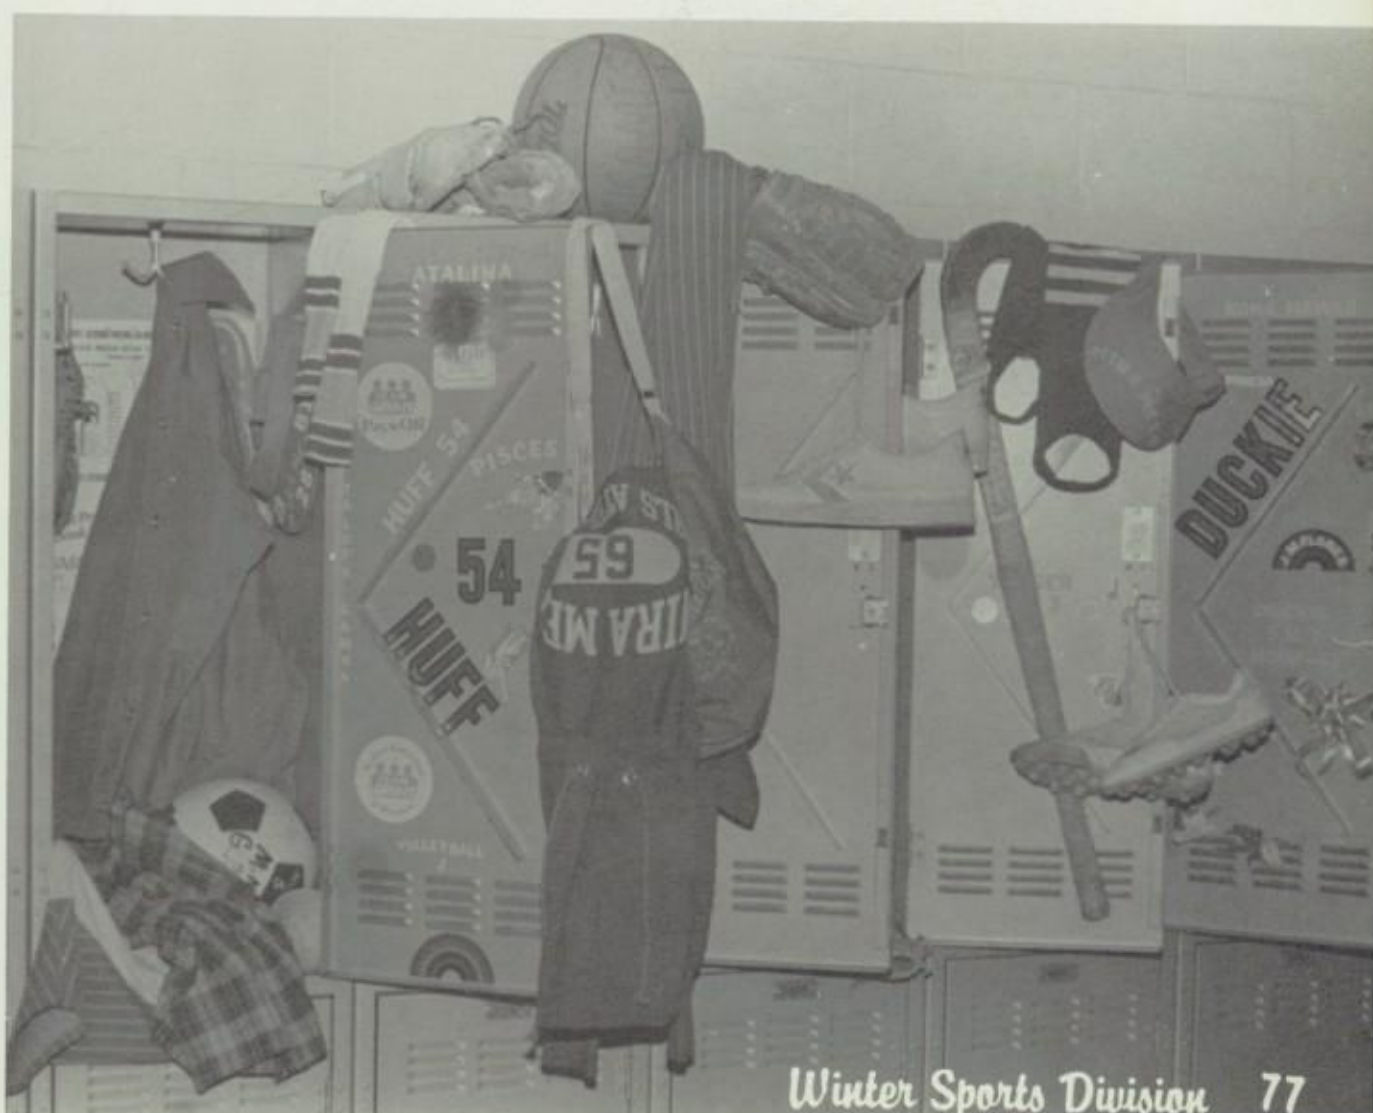

Throughout my four years playing winter sports, there hasn't been such great weather as this year. Maybe not for the Mogul Marauders, but for the outdoor sports like softball, soccer and field hockey, a dry field was greatly appreciated. Thank you Mother Nature!

The indoor sports, basketball and wrestling had no problems with the weather either. Their only worry was if the fan blowers were on, the gym can get very hot even if it is cool outside.

As for season records, our teams had outstanding performances and left other schools with a good impression.

Basketball players are getting taller every year, or maybe they're getting older! They looked so sharp in their warm-up.

You see soccer and softball players and sometimes even field hockey players limping around with strawberries on their legs. That's what you get from sliding! Then there's sports like wrestling and field hockey; they're rougher than they seem. At least you'll never catch me out there, I'd get killed! They're out for blood!

Soccer Gives Opponents Cold Feet

Enthusiasm ran high on the playing field when Marauders engaged in the world's number one sport, soccer. The experience of many of the two and three year varsity players was a big asset to the team. Over Christmas vacation the team competed in the La Jolla Invitational. Not only were they awarded first place, but sweeper, Duncan Peterson, senior, was chosen as the Most Valuable Player of the tournament. The team, led by Coach Dick Hull, fought each battle to the end and proved tough, if not impossible to beat.

1. Varsity soccer members are: top, Luis Perez, Ramon Maldonado, Bobby Galambos, Duncan Peterson, Scott Tilley, Tracy Gilbert, Don Schultz, Guillermo Fuentes, front, Cuong Nguyen, Gus Lopez, Jeff Johnson, Thank Stakne, Scott Laprath, Dale Giessman and Mike Kelley.
2. Third year varsity member, Duncan Peterson, displays his hard work and concentration as he brings the ball up the field.
3. Power and force flow through fullback Dale Giessman, as he sends the ball down the field.
4. Halfback Mike Kelley, sends in a corner kick, for another Marauder score.
5. Thank Stakne shows his fancy footwork as he carries the ball down the field for another goal.

The Junior Varsity had a number of very talented and experienced soccer players. The "helpful hint" sheets Coach Chuck McIntire handed out after every game were an extra asset to the learning and experience of the new team. The team consisted of a majority of freshman and sophomores, needing the important experience of teamwork. The 1980-81 winter season proved to be a good one for the team, with a great number of well played games, and few losses.

1. Graceful high kicker, James Galvezon, delivers the ball to the forward line.
2. Will Rhodes dribbles the ball up the field.
3. Another save by Jaime Lopez.

Not pictured, Bill Benson and Don Josslyn.

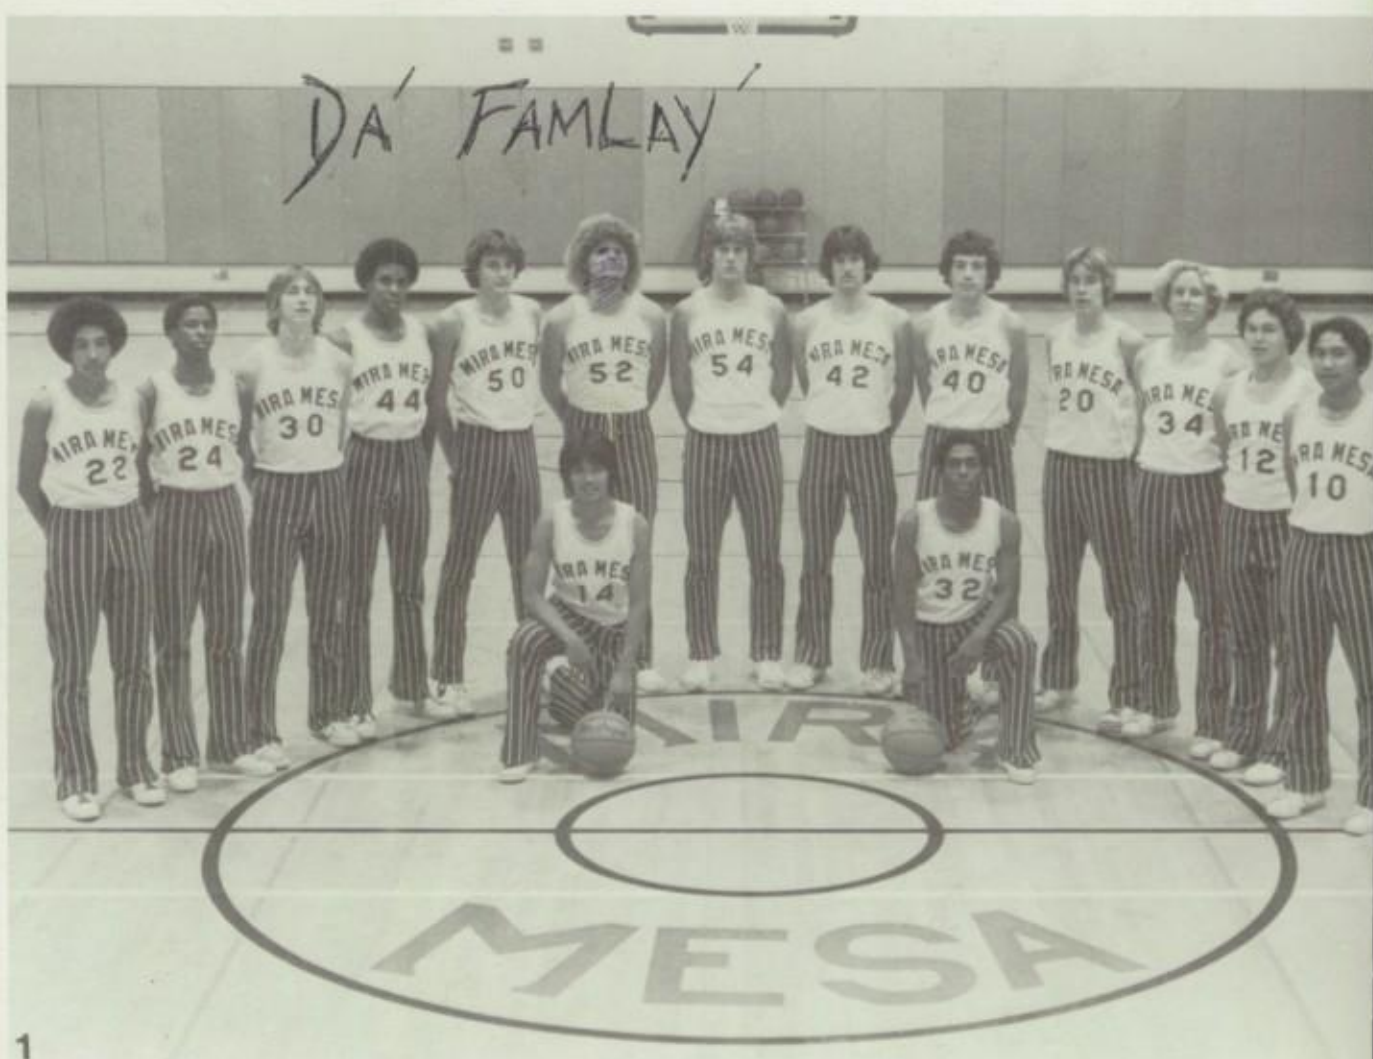

Varsity Basketball ... an Icy Threat

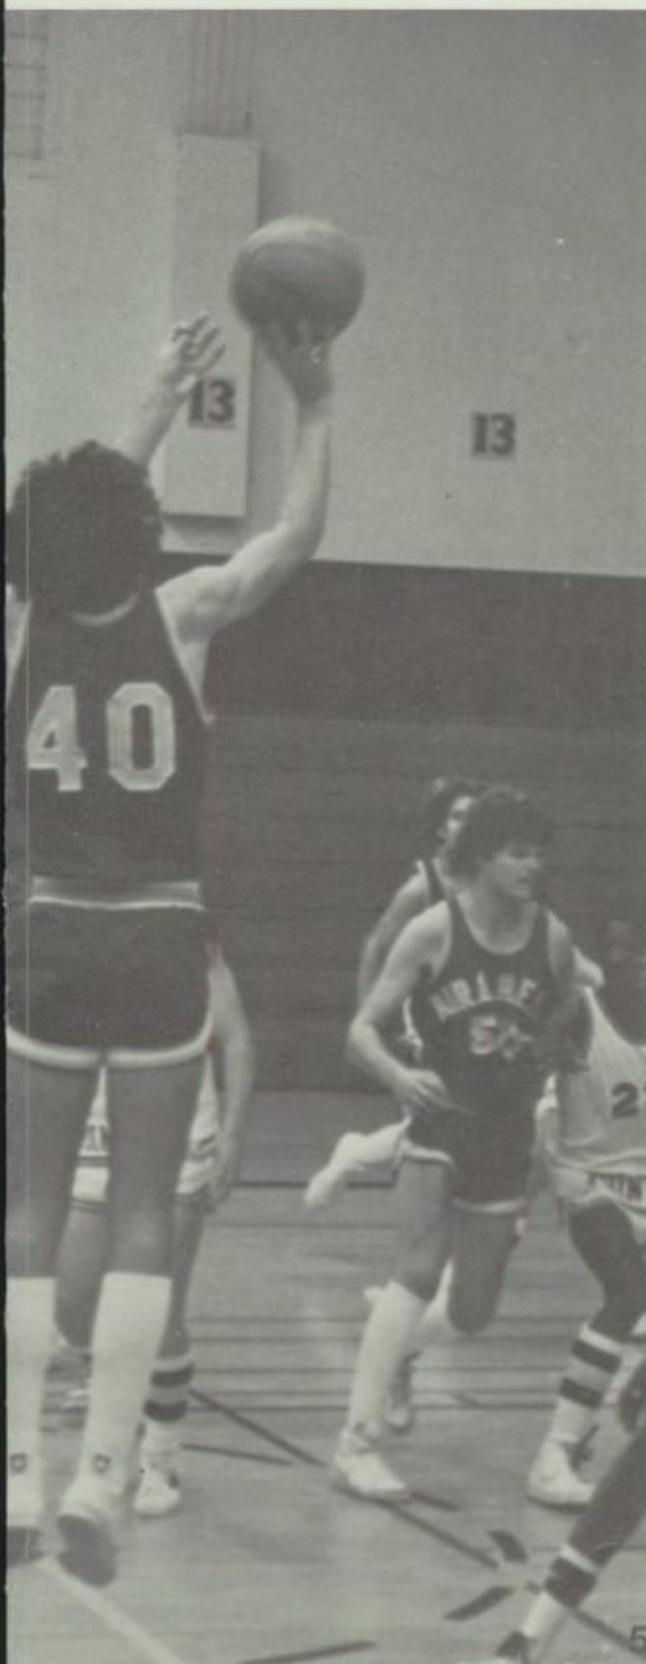

Height, reaching, and much jumping make a basketball team. Shorter than a football's 100 yard field, basketball's 40 yard court was criss-crossed thousands of times by the Marauder roundballers of 1981.

The varsity team had a few minor problems this season which disabled them in the league standings. "The main problem we faced, was when we had a substantial lead in the game, we lost our poise and made more mistakes" said Coach Tim Cunningham.

The team showed improvement in the second half of the season, specializing in man-to-man pressure defense, cutting down on careless mistakes, and improving all-around play.

Starters of the team include Raul Martinez, Gerald Hines, Jeff Copelan, Tony Giles and Ricky Clark.

J.V. Basketball Leaves 'em Shiverin'

The 1981 Junior Varsity Basketball team had one of the largest player turnouts ever. The team, consisting of 17 players, faced tough defenders like Patrick Henry, Kearny and Morse High School.

Good rebounding by David Nowakowski and Tag Glithero, along with hustle and man-to-man defense, made easier for the team to win most of their games. "We have a lot of quickness coming off the bench, which enables us to keep that man-to-man defense," said coach Gary Blevins.

One of the most exciting games was against Crawford on January 7. Mira Mesa finally won the game after going into double overtime. Mark Heidewreich made the winning point. The final score was 53-51.

Wrestlers Chill the Mat

With a new coach, and many new members, the wrestlers had a busy season of rebuilding. The shortage of experience was only a minor barrier to the accomplishments of the team. The wrestlers prided themselves on speed, to "pin" opponents. Quick movements and tricky techniques showed how talent can overpower size and strength. Slightly short on size, the Marauders were not held back in competition. The many tournaments that the team competed in throughout the year aided in the development of their style and put extra experience under their belts.

1. The support and enthusiasm level runs high with Marauder wrestlers.
2. Curtis Leaky displays his talent and skill as he holds his opponent, ready to pin him.
3. Varsity wrestlers are: top row, Randy Kruger, Bobby Barcelon, second row, Mike Stuart, John Lane, Howard Simon, third row, Mark Edrington, Fernando Fernandes, fourth row, Darryl Brooks, Ray Brinker, Tim Cunningham, fifth row, Anthony Armstrong, Robert Tacloban, Alan Schenkel, front row, Curtis Leaky.

Managers are: Kevin Jones, Mike Soren, Lisa Scott and Laura Roberts.
5. One, two....three! He's down!!!

Varsity Softball Freezes Opponents

Varsity Softball made a great impression with its record and overall performance. Even with only two seniors on the team, the Marauders were capable of playing some high caliber ball.

Finally, bleachers were purchased and they actually had some spectators, with a few, very loyal fans, who went to every game!

Lucky enough the rain did not do much damage, at least not enough to cancel games as in past years.

This particular group of girls have been playing together in various leagues, and have a great time off the field as well as on. Decorating lockers and a few birthday showers leave enjoyable memories.

For a bunch of short young ladies, their performance stands tall. Which one's the coach?... The short one! It was just exasperating!

3. Lori Campbell makes a throw for the out.

4. Kim Robinson safely scores a run.

J.V. Softball Breaks The Ice

The Junior Varsity Softball Team once again had a great season. In years past the J.V. players have often been the farm club for future Varsity teams. The basics of the game were stressed by coach Ronni Olsen and built upon from there. They reached the level of competition that is needed for high school ball and kept on top in the league.

Hitting off the pitching machine and running wind-sprints were some of the new experiences they faced.

Quickness and speed were talents they already had and they used their abilities to run wild on the bases, keeping the other teams busy.

1. Susie Doame hits away for a double.
2. Imee Arreola advances the runners with a solid hit.
3. Junior Varsity Team bottom row l-r: Denise Morales, Bombi Yapp, Debbie Morales, Lisa Johnson and Darlene Morris. 2nd row: Danielle Goodlet, Trina Franklin, Imee Arreola and Julie Snow. Top row: Tana Holdaway, manager, Susie Doame, Brenda Dukme, Leslie Campbell, Liz Donsker and Coach Ronni Olsen.

Field Hockey Plays It Cool

Controlling the ball, moving it down the field, and scoring is what Field Hockey is all about. A squad of 15 members practice these moves daily as they spent numerous hours running and practicing stick drills and then running again.

Skillfull stick work, and experience were the major qualifications for making the team, however there were a few exceptions as Coach Jean Palmer admitted some first year players onto the team.

It took cooperation to work as a good team, and lots of practicing for the squad to make it to the top.

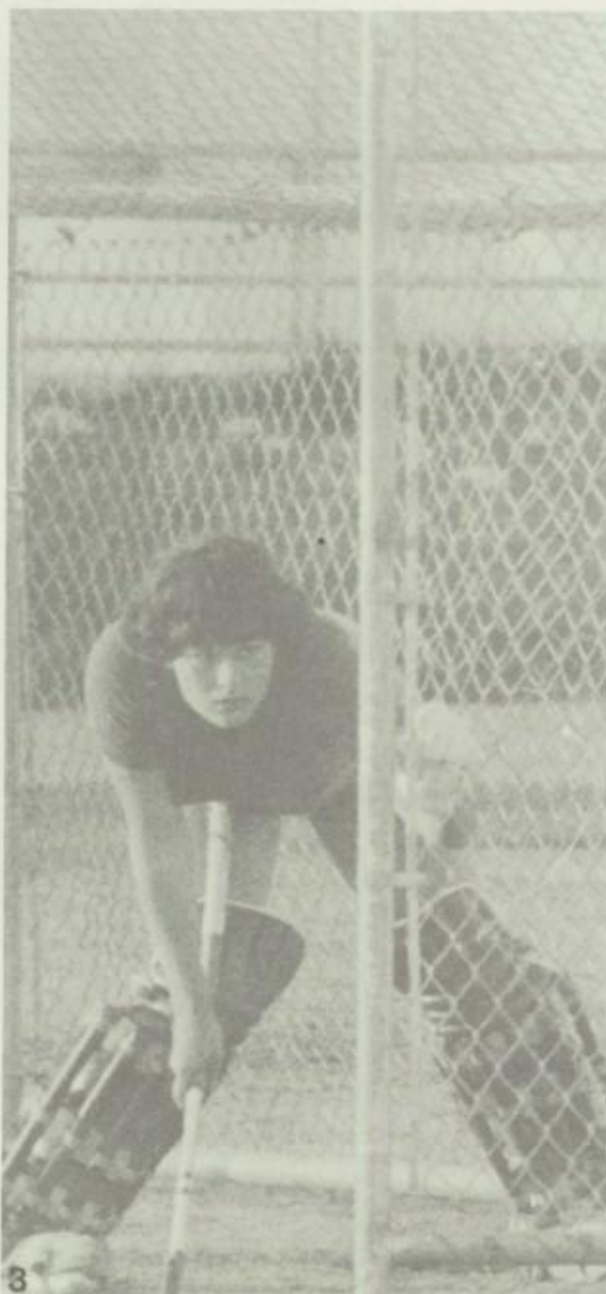

1. The Varsity Field Hockey team consists of. Front Row: Paige Wheeler, Lori Range, Lisa Davies, Jennifer Schwartz, Mary Gaba. Second Row: Coach Jean Palmer, Trish Hontucan, Denise Tanton, Robin Lane, Doris Celendro, Assistant Coach Sue Robinson. Top Row: Marie Sablan, Anna Alhiler, Jennifer Roberts, Didi Velasco, and Beth Ramat.

2. Marie Sablan, Jennifer Schwartz, and Lori Range make a triangle pass.

3. Jennifer Robert gets ready for a corner.

4. Robin Lane guards the ball from her opponents.

Interest and a willingness to make a commitment of time and effort, were the qualifications for making the Field Hockey team. The J.V. team surpassed those qualifications, as they learned the game basics through hours of practicing stick drills and running.

Each position played an important part, but there was nothing more important as teamwork. As a goal the team hopes to build a spirit of togetherness, 100 percent team effort and improve their confidence in themselves as a team.

1. Jennifer Oen completes a pass.
2. Ernestine Samera readies herself for the oncoming ball.
3. Sue Swaggerty stops the ball and pushes it to her wings.
4. J.V. team consists of. Front Row: Debbie Thomas, Katy Jones, Leanna Hugk, Sue Swaggerty, Kim Skaggs, Lisa Esk. Second Row: Assistant Coach Roy Sartiti, June Duico, Ernestine Samera, Felicia Robinson, Kathy Weddle, Assistant Coach Sue Robinson, Coach Jean Palmer. Top Row: Jennifer Oen, Martka Hara, Cheryl Kirk, Genieve Pobllette, and Kris Stanley.

Dear Diary,

My Sophomore days are finally over, but I'll always remember all the good times talking, joking, and laughing with all my friends. What good times. I remember once after fifth period, Trish, Joanne, Susan Olivia, Janet, and I climbed the gate just to eat at Naugles, and besides that we didn't get caught. And during our first Spirit Week, Henry Llopis (representing the Sophomore Class) was looking good singing "Venus" in the \$1.98 contest for guys, and of course, the Sophomores won the award for first lunch. People even started coming to the class council meetings at 7 a.m. in the morning. Not like last year, no one ever knew that a Freshman council ever existed. This year wouldn't have been so great if it wasn't for our Prez., Janet. She organized just about everything. All of our fund raising and class activities were a success, especially our rose sale in the beginning of the year. I'm surprised I stuck it out this year with Marriner and her 500 word essays, and get this, due every week. Now that's one class I'll never forget!

I CAN'T BELIEVE IT'S THE FOURTH QUARTER ALREADY!
THE WEATHER'S GETTING WARMER & SUMMER'S RIGHT AROUND
THE CORNER. AH, SUMMER - I CAN'T WAIT! NO SCHOOL, NO HASSLES,
NO ASSIGNMENTS, JUST KICKIN' BACK AND WATCHIN' WILD WOMEN!
SUN, SAND, SURF, AND ALL THOSE STRING BIKINIS - NOW THAT'S THE
WAY TO LIVE!

IT'S GREAT NOW THAT THE WEATHER'S WARM, BUT I CAN'T
GET INTO ALL THE YARDWORK THAT COMES WITH IT, ESPECIALLY WHEN
THERE'S MORE IMPORTANT THINGS TO DO. I'M BREAKIN' OUT THE
SHORTS AND HEADIN' FOR SPRINGKING! I CAN'T WAIT FOR ALL
THOSE OUTDOOR CONCERTS. IT SEEMS LIKE THE GIRLS ARE
EVERYWHERE - REALLY LOVE THOSE TIGHT SHORTS AND SKIMPY
SUNDRESSES! I'VE GOT TO MAKE A COUPLE TRIPS TO THE DESERT
GOIN' ON DATES, AND IT'S JUST NOT THE SAME WITHOUT THAT
FIRST 'SATURDAY AFTERNOON SUNDURN'."

EASTER VACATION WENT BY LIKE THAT, AND NOW IT'S
BACK TO THE SAME OLD GRIND. THINK I HAVE WHAT PEOPLE CALL
"SPRINGITIS"! GOT THE BLUES AND I FEEL LIKE I'M NEVER GOING
TO MAKE IT THROUGH THE YEAR! I NEED TO SCRAPE UP SOME
MONEY FOR THE FROM AND ALL THOSE END-OF-THE-YEAR
ACTIVITIES. MY FRIENDS ARE MAKIN' HEAVY COLLEGE DECISIONS,
AND I NEED TO DECIDE WHO TO TAKE TO THE PROM! IS IT POSSIBLE
TO FLUNK OUT THE LAST MONTH OF SCHOOL...? I DON'T THINK
I'LL EVER GET THE GRADES I NEED. THERE'S JUST TOO MUCH
PRESSURE - PROJECTS, TERM PAPERS, AND NOW FINALS ARE
COMING UP - HOW WILL I MAKE IT...? I THINK I'LL JUST
FORGET IT AND HEAD FOR THE BEACH. LIKE THE SONG SAYS, I
GUESS "THERE AIN'T NO CURE FOR THE SUMMERTIME BLUES."

ACTIVITIES

Dear Diary,

I had so much fun this year. There was so much going on around campus I can't decide what I liked best.

The Drill Team was better than ever, with a smaller squad and new routines. Homecoming, following Spirit Week was probably one of the most exciting times of the year. There were more activities than other years and the dance was fantastic, even if I did have to go stag (don't tell!)

The Drama Club (Oh! Excuse me, the Honorary Sword and Scroll Society!) did a good job on all productions, and the Song and Cheerleaders were always promoting school spirit. The A.S.B. led by its first female President did a fine job organizing school events, and improving policies.

I guess what I liked most was the A.S.B. Ball and the Prom. They were the best because I didn't have to go to them stag!!

Marauderettes Shine With New Spirit

Precise showmanship made the Mira Mesa Drill Team's halftime performances interesting and exciting. Their exuberant school spirit created a successful year for the 30 member squad.

Over the summer Marauderettes got together with cheerleaders and practiced different routines and cheers. Dewy fog and hot summer days made practices difficult. The hard work led to perfect, complicated routines. It really paid off when they were selected to compete in the Escondido Parade and the Old Town Christmas Parade.

Advisor Lynn Zucker and captain Joyce Morales, shared the satisfaction of presenting almost weekly a colorful show with carefully rehearsed movements and snappy outfits, topped this year with outstanding white hats.

1. Is it Joyce or is it Margaret?
2. Kathy Giese, Margaret Morales, and Margaret Hara form part of a smiling kick-line.
3. The Marauderettes stand at attention with shiny new pompoms.
4. The new Flag Corps, including Ingrid Adkins, Diane Evans, and Elizabeth Giese, finish their routine with a staggered formation.
5. Cathy Murphy concentrates with the anticipation on her routine.

News, Issues, and Events

The 1980 MARQUEE staff includes editors, sitting right forward: Robin Sheehan, Mike Malone. Staff members: Marie Kerrigan, Ted Powers, Kim Skaggs, Amjad Nezami, Scott Webb, John McGowan, Heather Stauffer, Cleon Tate, Suzanne Emery, Advisor Hiep Nguyen, Linda Rossetti, Gina Gagliardi, Sherry Barker, Joanne Cackapero, Janeen Hentz, Lisa Hayden, Michel DeValera, and Cheri Robinson.

Communications is where it's at. The Marquee put out sixteen issues this past year and received a good response from both students and administration. The newspaper was a way to inform students of campus happenings. It was used by students and teachers alike to speak their minds about things that concerned them, whether their opinions were favorable or unpopular.

The yearbook, the Mirada is put out once a year by a 30 member team. In years to come, students will be able to pick up their yearbooks and see familiar faces. They will be able to remember the good and bad times as if they happened yesterday. It is a book full of memories that no adult should be without.

Many students involved with working on the two staffs are planning careers in the communications field.

Hardworking. Dedicated. The ASB...

Along with the class presidents, the ASB executive council represents each student at Mira Mesa High School. The council provided many activities throughout the year such as the Homecoming, Spirit Week and the ASB Ball. They also coordinated the calendar for all clubs and classes.

As president, Danelle Proctor headed the weekly council sessions. In addition to the executive council, the position of intern was created to work at the Student Store and also to help the council with projects and activities.

Backing up this energetic group is the ASB advisor, Ms Judy Earle, who demonstrated much patience, time and dedication.

The Voices Of Angels...

The Madrigals and Choir have been growing steadily each year. Steve Kisk, president of the Madrigal assisted Ms. Norwada Smedley, the director in planning activities. Presidents Kathy Kane and Kathy Tracy of the Choir also put in hard organizing work.

This year, the Choir and Madrigal had many song festivals such as the Oktoberfest, the Renaissance Dinner and December Holiday Music. Fund raising projects were organized to help pay for costumes and uniforms. Along with individual projects, these musical people accompanied the Sword and Scroll club in a number of their plays and activities.

We've Got the Spirit, Yes We Do!

The ASB officers, as well as the different class councils spent a lot of time and energy in making the 1980 Spirit Week the best ever! And it certainly paid off. This year there was much more involvement from the students and faculty members alike during "insanity week" as some people refer to it. The week began with the Tug-O-War, where teams from different grade levels competed. Tuesday was the Spaghetti Feed; Wednesday, the Twin Day and Mummy Wrap; Thursday, the \$1.98 Beauty Contest (for guys only!) and the big finale was the Pep Rally and Parade held that Friday. The Pep Rally was attended by all sixth period classes on the football field, followed by the parade that started from Mira Mesa Boulevard and ended at the football field also. Yes, Spirit Week will certainly be remembered by many students as "having fun - the Marauder Way!"

On With The Show !!!

Under the direction of Mr. Dennis Morgan, the Sword and Scroll Society gave many excellent performances throughout the year. Working with Mr. Morgan is the Society president, Greg Oberle, senior. Their first production, "The Gold Strike" was put on during the latter part of November. It took many weeks, hard work and not to mention sleepless nights to perfect this performance, and it certainly paid off when the final curtain fell. The play "Greed for Gold" was also produced during the year. It, too, was a success. Besides putting on plays for entertainment, the Drama Club also used the money collected during these performances to help pay for their costumes and sets. Keep up the good work!

Who knows, maybe one of these days, a name listed on Mr. Morgan's "Cast I" may show up under the glowing lights of Hollywood.

Leading the school with high spirit was the ten member Varsity Cheerleading squad. If any group of people were dedicated to the school, it was this group of exuberant girls. Along with the Marauder Mascot Terri Meyers, they created an atmosphere of pride for the school.

At Cheerleading Camp in Santa Barbara, they showed their talent by winning the superior award, the highest given for an overall exciting squad.

Songleaders also went last summer to Santa Barbara camp where they showed and proved their spirit and creativity by winning the spirit stick. They brought home a trophy to put in the trophy case that they had won for their routine.

The girls washed cars to raise money for school activities and planned projects to get the school motivated. They performed at pep rallies, moving to the beat of the music with pride and spirit.

J.V. Cheer Sets The Winning Spirit!

Many of the J.V. Cheerleaders feel that the most rewarding part of being on the squad is working together as one, bringing out the spirit in the crowds.

The girls have worked hard, and it takes a lot of time and devotion to learn all the chants and cheers. They have really shown they have the ability to work as one.

Difficult formations and dangerous flips proved the many hours of practice that went into their routines. An unfortunate incident occurred while doing a formation, leading Julie-Ann Clifford to break her elbow, leaving her in a full arm cast. She was back in action by the end of the football season.

"Would You Please Be Mine,"

February 14, Valentine's Day, was celebrated on February 27 with a Sweetheart Dance, sponsored by the Senior Class. The dance was promoted by "Dating Games" which turned out to be an entertaining activity presented during both lunches. The contestants and bachelor or bachelorette were rewarded with dinner at JoJo's, Golden Crown, and the Pacific Broiler. "Date Notes" were even offered at the table where bids were being sold. For the shy person, it was an informal way of asking someone to the dance. With Myra Madamba and Joyce Morales as the head organizers, the Senior class council and volunteers spent their afternoon before the dance decorating the "gymnasium", as it was mistakenly spelled out on the bids. The D.J. at the dance, K-Hollywood, livened the dance floor with a variety of top hits.

"Today's Choices"

If you've ever wondered what courses are available for you next year, or what required courses you have to take in order to graduate or to enter college, those questions were probably answered at the Curriculum Fair. Held at the school gymnasium on Feb. 26, the fair's objective was to provide information for the students of differing interests and abilities. Thus, the theme was "Today's Choices = My Future."

Entire classes were involved in planning many of the demonstration booths and activities. Students toured the gymnasium during their P.E. period to ask questions and be informed about what's available to them. At 7 p.m. parents of Mira Mesa High School students, as well as parents of incoming ninth graders, came and tried out many of the student aids, mechanical devices and workbooks which were used in classes

Reindeer Gambol

The Choral Music Department's annual holiday concert transformed the auditorium on December 18, 1980. As expected, the concert turned out a success. The Madrigals opened the concert with that all-familiar carol "O Come All Ye Faithful" followed by "Ave Maria", "Echo Carol" and many more. But, according to a student who attended the concert, "Fruitcake" and "'Twas the Night Before Christmas" really captured the audience's heart. The choreography in these two performances were humorously wonderful. It added a touch of joy and laughter along with the sincerity of this season.

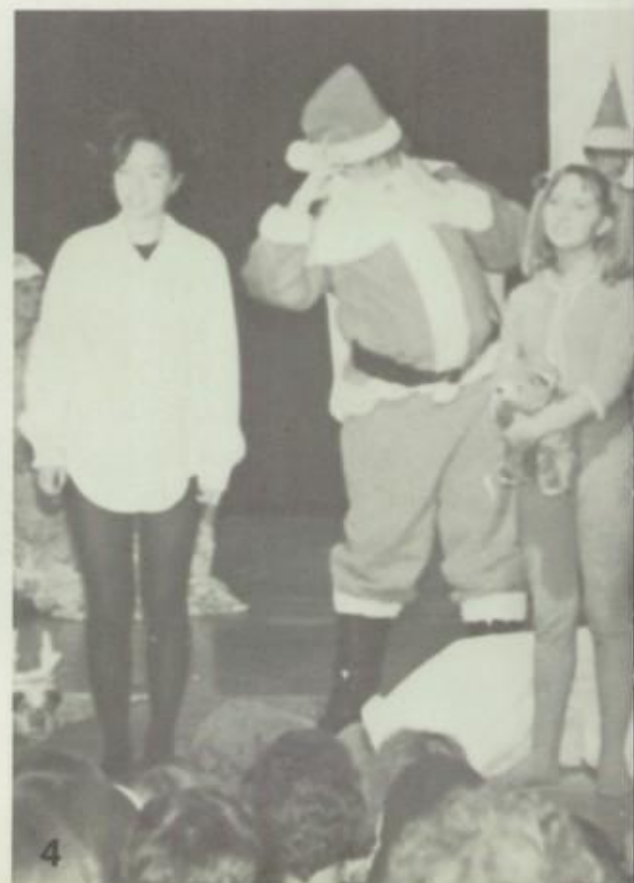

The equally exciting and professional level show was presented earlier in the week by the concert band under the direction of Mr. Leonard Wolfe.

1. The Madrigals did their version of "Ave Maria" for a full house.

2. "The Gregorian Chant" and "Carol of the Drums" were only a few of the songs the choir performed during the concert.

A.G.F.S... Europe Or Bust

To travel abroad to places like England, France, Austria and Italy is the dream of many students, but for the students involved with A.G.F.S., that dream comes true. Along with advisor, Ms. Harriet Marriner, the students in A.G.F.S. (American Institute for Foreign Studies), travel to London, Paris, Salzburg, Florence and Rome visiting places of interest and learning about European life.

Richard Morefield Returns Home

Richard Morefield and 51 other Americans were held hostage in Iran for 14 months. Finally news came on Jan. 20 that they were on their way home with a stop in West Germany before returning to their homes. On Jan 28 San Diego's Richard Morefield returned to a warm welcome and very happy family. Many Marauders lined the parade route while bands played "Tie a Yellow Ribbon Around the Old Oak Tree." Marauder Junior Bill Strickland was on the air strip to capture the historic moment.

Cavorting in King Arthur's Court

Food, merriment, excitement, and challenges were the order of the day when Mrs. Shirley Young's third, fourth, and fifth period English Literature seniors laid out an authentic Elizabethan Banquet.

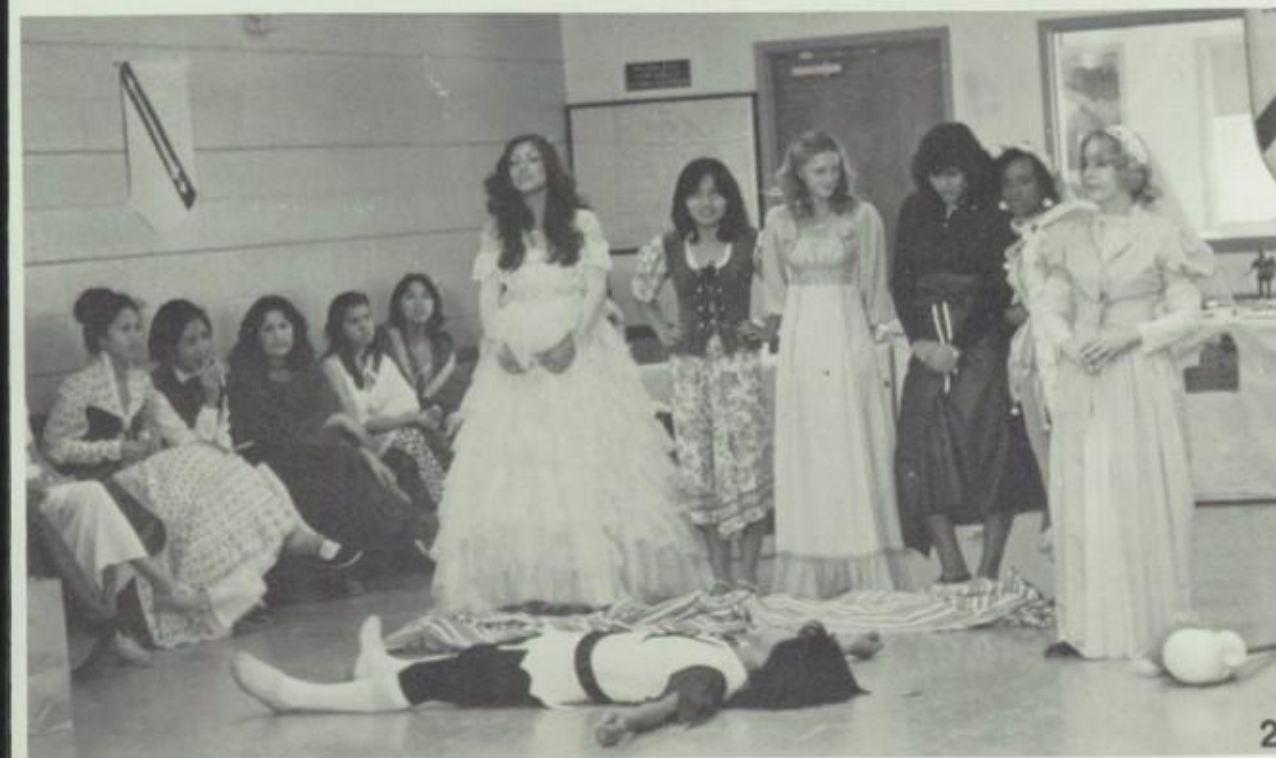

All the members at the court wore elaborate costumes and made delicious dishes, with curious names like Toad in the Hole and Lady's Mouth Cake. Following the Banquet the members of the court took their leisure listening to live Medieval music and watching an updated "Romeo and Juliet" entitled "Who Shot Romeo?" After the entertainment came the tournaments and challenges, of course. The three classes competed against one another in Ale Drinking (chug-a-lugging Ginger Ale), Wenck Passing (self-explanatory), Arm Wrestling, and the Grand Finale, the Tug of War.

Presiding over all this merriment reigned the King, Chris Madson, and Queen Michelle Shivers, of the Banquet.

1. Participating in the Parade of Costumes are, from left to right, Danelle Proctor, Sue Turner, Robert Zaccaro, Katie Woodson, David Ouellette, Helene Sakagun, Bob Geis, Lori Roberts, Marivic Pulido, Cathy Lacomb, Nina Thrower, and Teresa Iquico.

SPRING

SPORTS

Spring Sports brought out the sun along with some fine talented athletes. The outdoor sports people got a head start on summer tans, especially the boys swim team... ummm... what a tan! Then there are those crazy track members who keep running... and running just for one event, I call that dedication! The "All-American" baseball players were full of enthusiasm still eating their hot dogs and apple pie! The golf team stayed out of all the traps, what concentration they must have! How about the legs out on the tennis courts... ooh honey! Could it be LOVE?

Back indoors, the girls may not get great tans before school is out, but they kept their spirits up in the oven (namely-the gym!). Talk about tiring, those poor basketball players had some tough work outs... whew! Then the graceful gymnasts, I can't believe some of the positions they can get themselves into!

What a great way to end the school year!

Lady Hoopsters

An exciting season was staring the girls varsity basketball team right in the face as they entered another season in the devastating Eastern League. This time entering as "the team to beat," they had all the potential in the world to be on top of the league and proved it to their opponents by playing grueling games and coming out winners.

Coach Ronnie Olsen really worked her team of nine seniors and four underclassmen.

After hard work outs to improve their ball handling and shooting skills, they gladly entered the locker room with their handy hightop shoes keeping them walking. It all paid off when they ran up the scores against their opponents.

The Junior Varsity basketball team had a great season, mostly spent gaining the experience needed by a young team. First year coach Nancy Hultberg took on the job of teaching the fundamental skills of a fast paced basketball game. The fifteen athletes already had the speed to run at a quick pace and they improved immensely gaining much confidence.

Consisting mostly of sophomores, this young team worked well together to improvise for their lack of height.

Running, jumping, dribbling, and shooting skills were preached by the coach constantly.

Spring brings both baseball and rain and this year was no exception. Both the Varsity and Junior Varsity teams got off to a postponed start due to the rains late in February. This caused the teams to lose much needed practice time.

The Varsity team under Coach Lawrence Elliott had one of the best seasons in the sports 5 year history. The added skill of many returning players contributed to the team's higher potential. The fine pitching skill of Mathis Huff and Mark Simmons was the highlight of the team.

J.V. Makes A Steal!

The J.V. Baseball Team got off to a great start by winning their first league game against Crawford. Even though the team lost a lot of valuable practice time due to heavy rains early in the season, they regained their composure and played stronger than ever.

Previous Senior League play contributed to the skill and togetherness of the 21 member squad. The team coached by Dick Clem, played a successful season filled with high hopes.

Tennis Anyone?!

The Marauder tennis team is a small, tightly woven team that encourages and excels in individuality. Given a chance for all members to participate, the team found the 1980-81 season to have been a good one for the whole group. With only two graduating seniors, experience for the team had been very useful. Coach Tim Cunningham was very encouraged with the strength of the team this year and is looking forward to an exceptionally strong team next year. The team overall came in with a close third place behind hard-to-beat Point Loma and Patrick Henry. But true Marauder ability was displayed in outstanding matches played by both singles and doubles at the league finals.

Gymnasts Shine With Grace

2

More than a sport, gymnastics is an art filled with challenge, grace, beauty, control, timing, strength and endurance. To make a team, there must be a great amount of hard work to pull all these together. Coach Debra Holm saw the 1981 spring season as the best yet for the talented Marauder gymnasts.

Swimmers Go With The Flow

Few people are aware of the stamina and muscle power needed to make a good swimmer. A team of good swimmers, the 1980-81 Marauder swimmers were greatly reminded of this as the spring brought a new season of hard work and competition. A few minor hinderances caused the team to have a slow start. Returning swimmers from the previous season made up this seasons small team. Another adjustment for the team was a new coach, Ray Cagwin.

Being a strong and tight group, the swimmers pulled through these early rough waters. The team equalled its 1979-80 placement of second in the Eastern League, consistently gaining magnitude as the season progressed.

Golf Swings Through Spring

It may not be Scotland for golf, but Mira Mesa's 12 member golf team played the Torrey Pines course just like good old Scotland. With all the sand traps, greens, and fairways the 1981 team played up to par.

Coach Richard Smith advised the team which included 5 new freshmen, as they practiced at Torrey Pines to get ready for their tournament play.

2. Leticia Flores gives her Marauder effort.

3. An all out effort is given by Angie Jones.

The talent shown by this year's Girls Track Team was apparent by their highly spirited season. With workouts lasting approximately four hours daily, the girls improved their skills. In doing so it made each meet more exciting than the last. The team, which consisted of 90 girls, broke off into smaller groups to practice individual skills. The workouts varied for the different events involved in track and field.

1. Roxanne Barret moves toward the finish line.
2. As the last leg of the 440 relay team, Darnell Williams cuts through the tape to give the girls' another first place finish.
3. Leticia Flores is seconds away from another Marauder victory.
4. Beth Ramat takes the lead in the first leg of the 440 relay.
5. Tireless Betsy Chadwick finishes the two mile race with a favored victory.

Boys Track and Field

The thrill of victory! That's what the boys track and field team experienced through-out their winning season. Under the guidance of coaches Dennis Lottermoser, Teri Gregor, and Chuck McIntire, a squad consisting of 90 members practiced daily to strengthen their skills. With a strong Varsity and Junior Varsity team the meets were most often won by the Marauders. Each participant focused practice on two events secetively from long distance running and relays, long jump and pole vault, shot put and discus.

1. Joe Cristarella extends all his power to push out the shot put at the Ramona meet.
2. Marauders are on the top!
3. Richard Pulsipher charges ahead to win the Relay against Mount Carmel.

Dear Diary,

My Junior year is finally over and now I'm a Senior. Wow, my dream has finally come true.

But there are many memories-like going to the Junior Prom and getting my school ring and having it twisted 100 times. Most of all, I can still remember staying up till one in the morning, doing homework because of work. When I didn't work, I had sports, which took a lot of energy. It was so difficult to keep my grades up on top of all that.

All those required courses are basically behind me now. My Senior year promises a slight relief from overwork. So I now have time to prepare my mind for college, new jobs and a career. Now the questions really begin.

The leaders of the Junior class are: Top Row: Liz Dacquel-Secretary, Tony Ramirez-Director of Graphic Arts, Susan Emmerson-Commissioner of Publicity Second Row: Mari Lemau-Director of Photography, Christine Convento-Parliamentarian, Darryll Brooks-Vice President, Steve Russell-Commissioner of Activities, Debbie Aspacio, Ms. Donna Delfong-Advisor Front Row: Fornabel Bagongakasa-Director of Arts, Clarissa Mata-Treasure, and Jose Mendoza-President

Summer '81

Bill,
Good luck
in the future and
all through your
life. Just think you're
out of this school forever.
Aren't you happy? Well
don't get yourself into ^{too much} stuff as
trouble and be ^{sure} to stay as
nice as you are. Have a ^{great} vacation
summer.
Love
Mary
Caputo

Dear Diary,
after looking forward to my senior year for twelve years and living through it, I find it's a beginning rather than an end. This beginning of my life will open many doors to new experiences and challenges. I feel lost, undecided and alone. My goals are set so high and if I don't open the right doors will I ever fulfill my goals? Summer is fast approaching. It's time to decide what I'm going to do with my life. I wonder if they're really got it all together, or are they just like me? I've finally learned that life isn't going to always revolve around what our friends are doing. It's a good feeling I have knowing my classmates with me. It takes always some of the loneliness I'm feeling. His taken a long time, but I'm finally happy. There's so much responsibility before me. I'm finally with their lives. Where will we be in ten years? A guy in my English class had his mind set on going into the Navy, until an Army recruiter walked in the room. A girl wants to be a journalist with the military, but her dad forbids it. Another classmate wants to go away to college, but his parents want him to go to U.C.H.A. I heard two different sides to living in New York for college, but he's taking a vacation or to go back home and get their heads together. A girl from my science class is looking forward to going home to Samoa. Another girl takes about flying to Virginia to see her mom and there are others who are going away after graduation just to get away from the many responsibilities that are going to walk with them. There are also some that are going to work full time. They are also with friends. It's time to be able to live on their own or live away. Free. On my own. At last!!

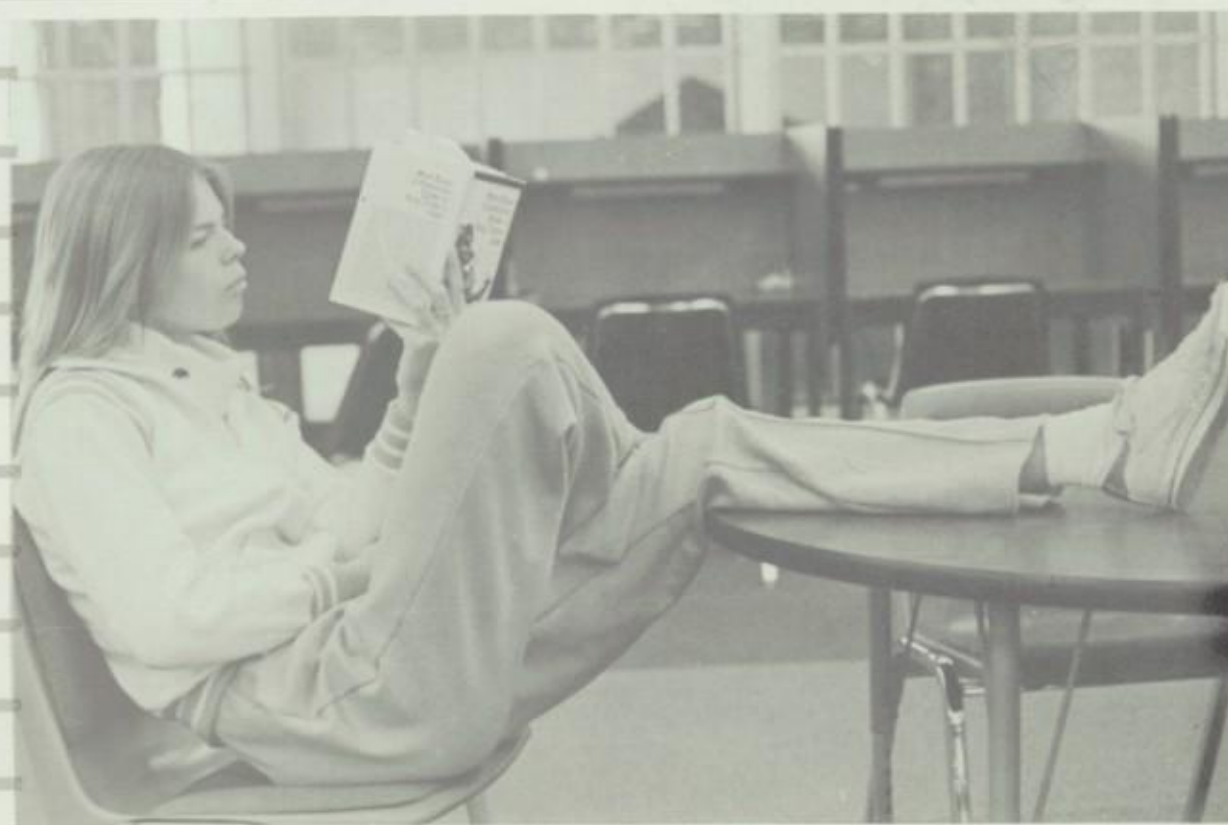

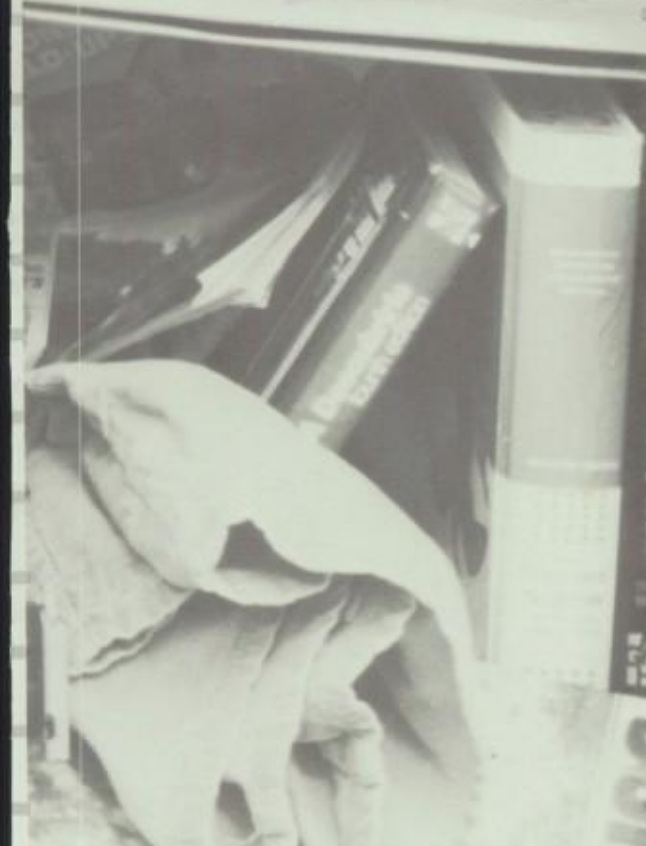

ACADEMICS

Dear Diary,

I had to take so many required classes that I couldn't fit any electives in this year. But next year I'm gonna have a blast! This year was so full of term papers, projects, exams, and just plain homework. I remember coming home from school with a stack of books three feet high! It's amazing anyone ever saw me once I started in on my homework. People would tell me of their social life and I would wonder what they were talking about. But there were days when I would bring home my homework knowing I wasn't going to do it. Then the next day I try and make up for lost time by doing my math work in english, and my english in math.

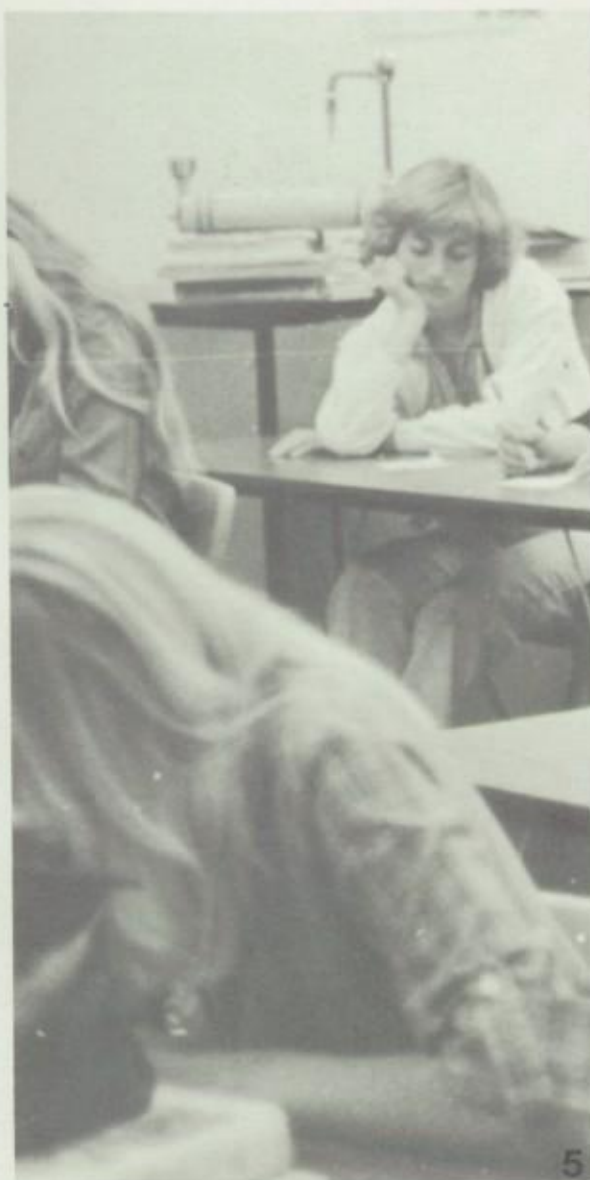

From Chemistry to Calculus

Math and Science. The mere mention of these two little words strike terror into the hearts of thousands. However, if you look closely you will see that these subjects are not as scary and are much more interesting than they seem. The math department had a diversity of programs for all students. Computers took an ever growing part in these programs with class offerings in computer science. Computers were used in ninth grade general math to help students pass their competencies, and also helped the advanced students in pre-calculus. Among the many courses available to students were Algebra, geometry, intermediate algebra, trigonometry, and calculus.

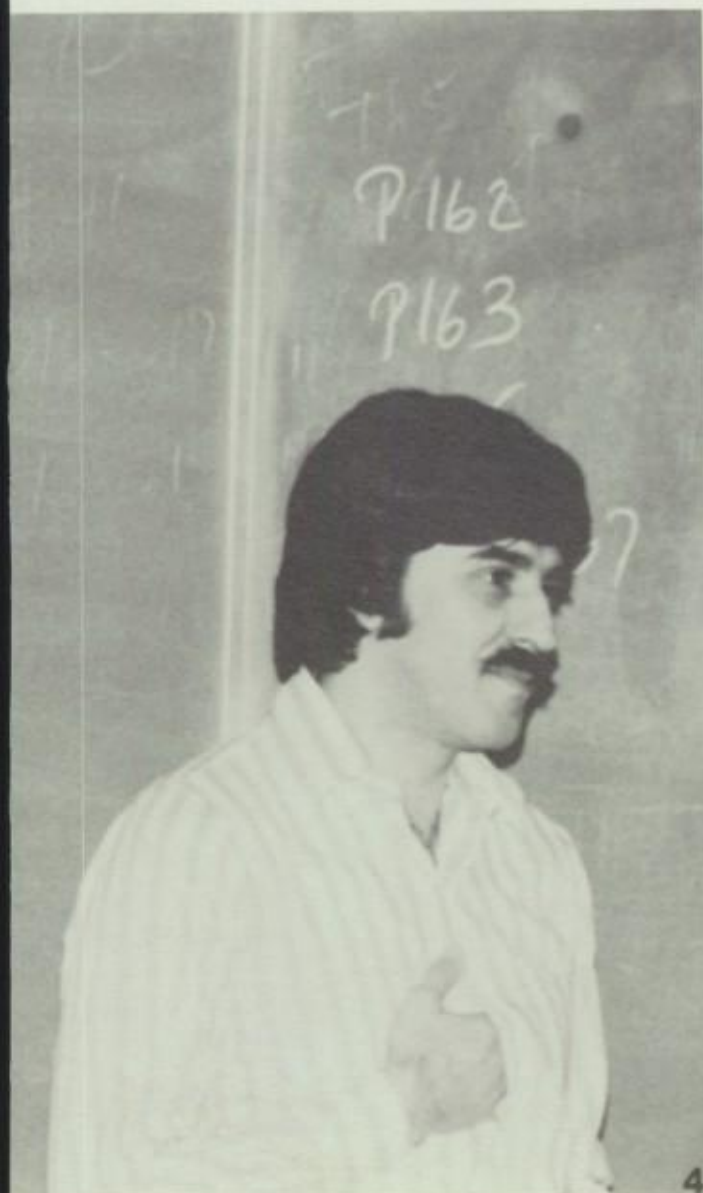

The science department had many similar programs which depend on mathematical ability including general science, biology, physics, chemistry, physiology, and biological behavioral science. Many of the more advanced classes require certain math classes as pre-requisites for their classes. An example of this was students who took physics had to take trigonometry. Many of the science classes were able to go on field trips and the advanced students were able to go on an oceanographic research ship.

the science classes were able to go on field trips and the advanced students were able to go on an oceanographic research ship.

- 1 Mr. Denson surveys the school campus.
- 2 "Tracy, pay attention to your teacher!"
- 3 Instead of studying in Math, Carol is far away on a sunny beach living it up.
- 4 In math classes Mr. Regas' geothrills are infamous. "Well, Mr. Regas, Napoleon could not have said it better."
- 5 Denise Taunton is studying the inside of her eye lids.
- 6 Science tests are SO much fun.

9.A.— Constructing A Future

Industrial Arts, unlike some other courses, often gives students a chance to walk out of school and get a job. Now more than ever before, many girls are enrolling in these courses and there continues to be a wide-spread need for people in the industrial art areas of the job market.

Classes such as wood and metal shop teach students how to use equipment safely and correctly. They work on different projects which they have chosen. In drafting and graphic arts workers also learn useful skills which in the future will help them get well-paying jobs. Electronic and auto shop take a little more time and patience to learn. All these courses give you life time skills which will always be at hand.

1. He's soldering resistors to his current project.
2. One of the girls at Mira Mesa learning a useful skill.
3. Mike seems to be enjoying his work.

1. I've heard of going at your pace but this is ridiculous.
2. Mr. Cooper demonstrates how to use a electric sander.
3. No this one goes here, here?

Effects of Business Ed.

Business Education had effects on students this year. Did you notice the students who seem to have studied more since they have taken a business class?

Students were seen in front of typing classes "exercising" their fingers, while shorthand students practiced their symbols for class. In the marketing class, students concentrated on punching the right keys for the right machines. Others were seen studying in the library and lockers wondering what they were going to do in their business class and others sat on benches memorizing pages from books.

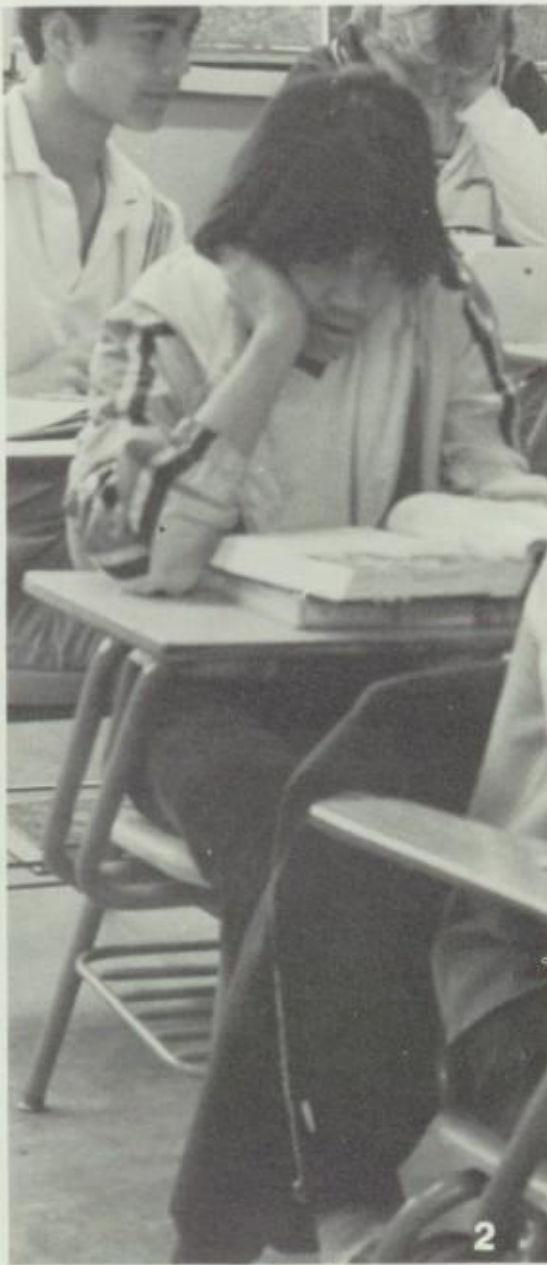

Most students enrolled this year say they gained valuable experience for future use. Some will be secretaries, managers, computer engineers, teachers who teach business education, and many other jobs that require business experience. Those students who took business classes probably looked upon it as one of the best career-related classes they have taken.

1. "Please write down what I dictate as I point out how it should be written," explains Mrs. Zorich.
2. As Mrs. Sylvia Lee looks over Alex Stojanovic's shoulder, his thoughts are, "I'd better not mess up."
3. "Let's see, is there anything else I have to add up?"

English-Work or Play?

Verbs, nouns, and reading literature. Or facilitating sessions, playing games, and play acting? Most students would choose verbs, nouns, and reading literature, but this year at M.M.H.S., well, let's see what really happened. . .

Elaborately dressed students in costumes for an Elizabethan Banquet were observed and other students were found carrying grapes and olives for a Roman food tasting session. Shakespearean plays were studied during lunch and students even mumbled rhymes in their nightly sleep. In the locker areas, students practiced how to tell a classroom full of kids current events, even though no one was around to hear it at the moment.

Amidst all that happened in English everyone survived: "English was one of my favorite classes this year," and, "I hope I get another class like English next year."

English has been both work and play.

1. "I just don't understand why my apron strings won't stay up."
2. Marjorie Paderanga wonders whether she should read the whole page or not.
3. Leda Chong and Janet Jarvis try to decide where to move their men.

Works of Art

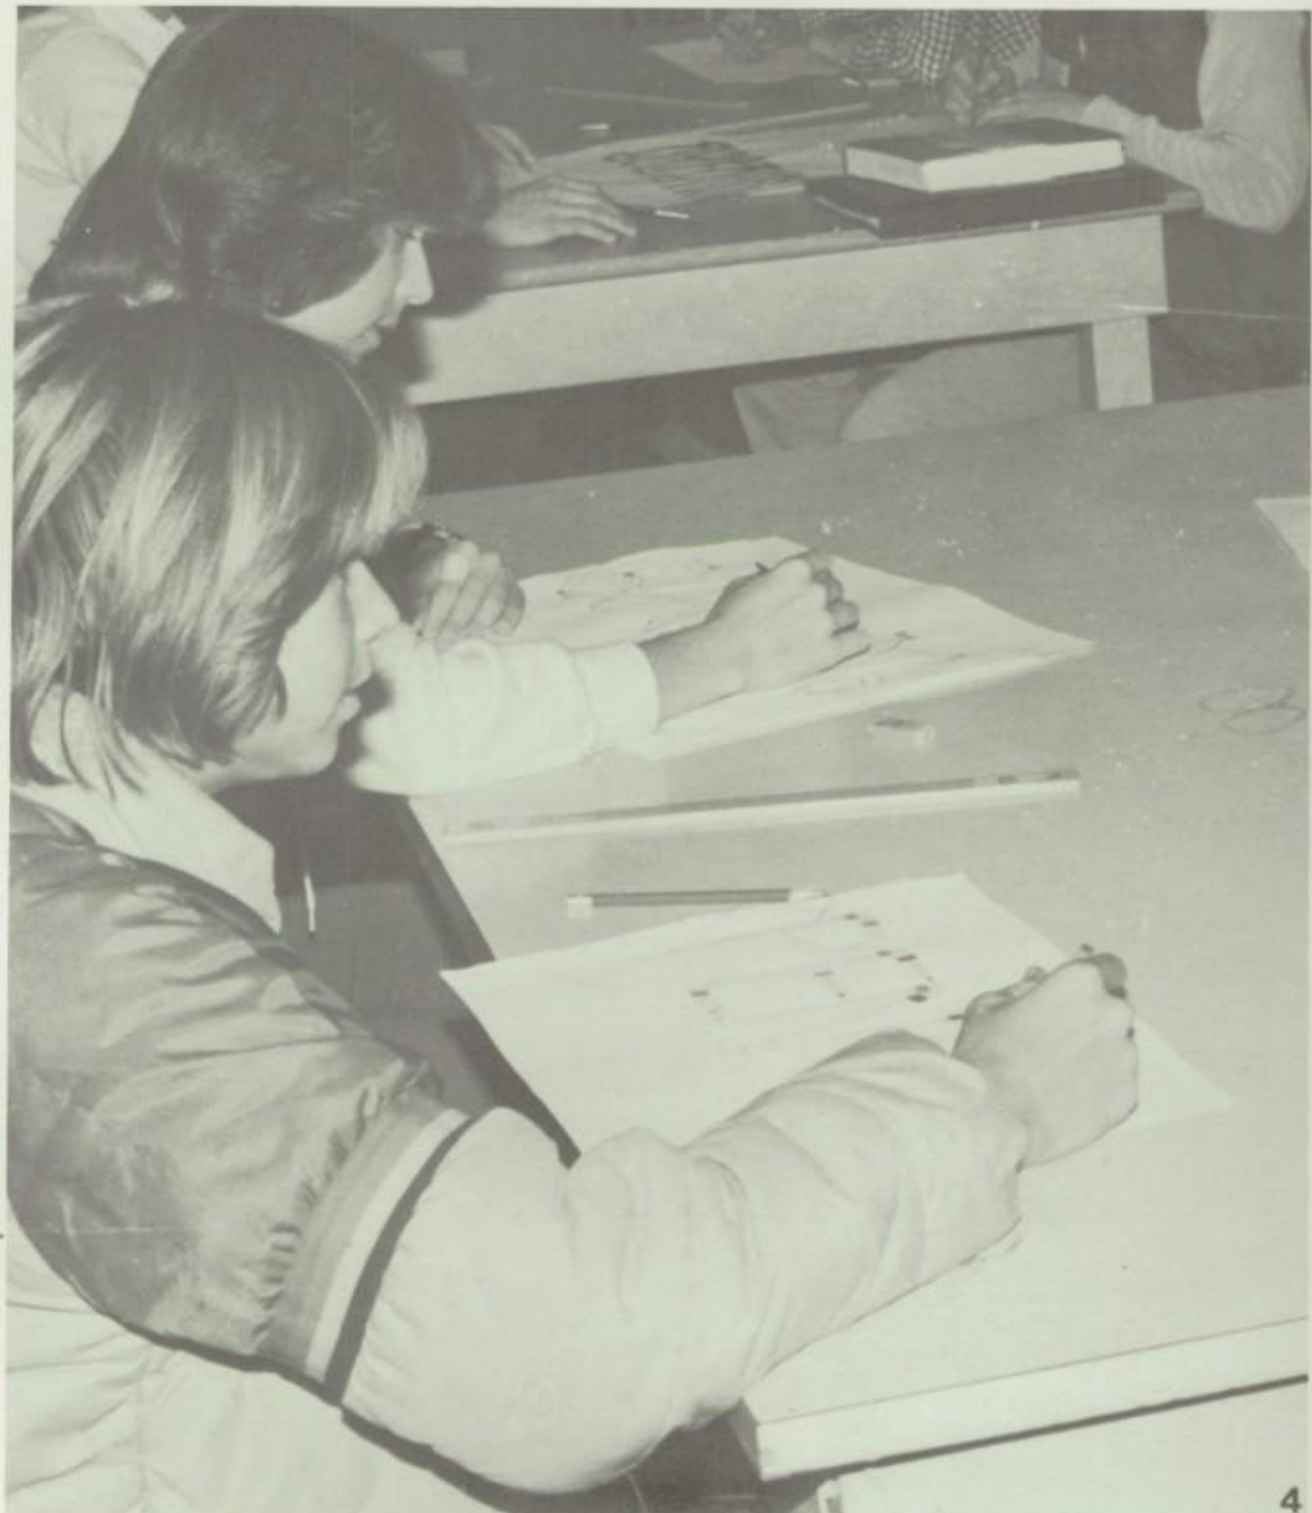

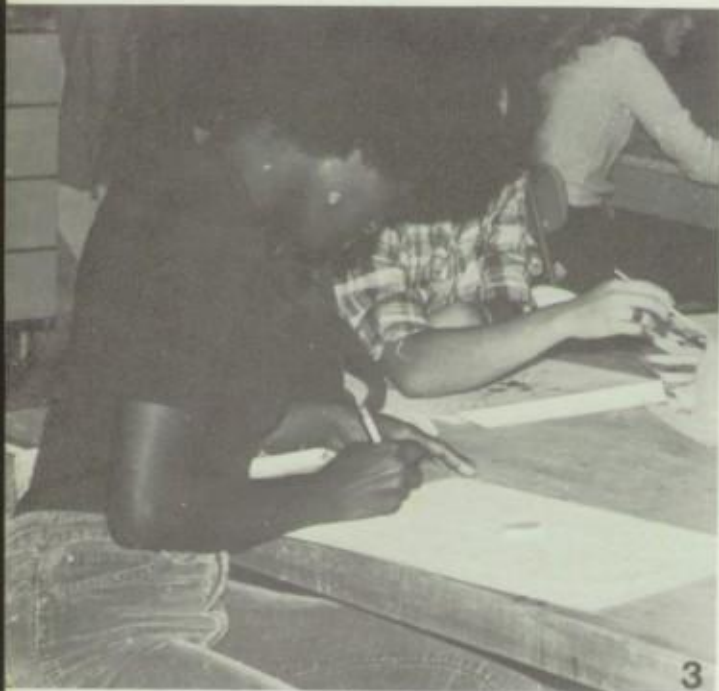

It was clay, paint, brushes, and dirty fingers and hands most days but students in the commercial arts and ceramics classes put feeling into each project and developed a good deal of self-confidence as they did. The students created original designs to produce the effect needed for each project.

In the ceramics class, the students made simple and fancy bowls, by using their hands and the wheel. Miniature houses, vases, and forms of animals also evolved.

Materials used in the commercial arts class were pencils, paper, and brushes. Students drew brilliant designs and added finishing touches by using paint.

1. Mona Llopis sings, "Round and round she goes."
2. Please don't stick your thumb in my clay!
3. "Let's see, this line goes here..." mutters Robin Lane.
4. Don't you remember that you paint with long strokes?

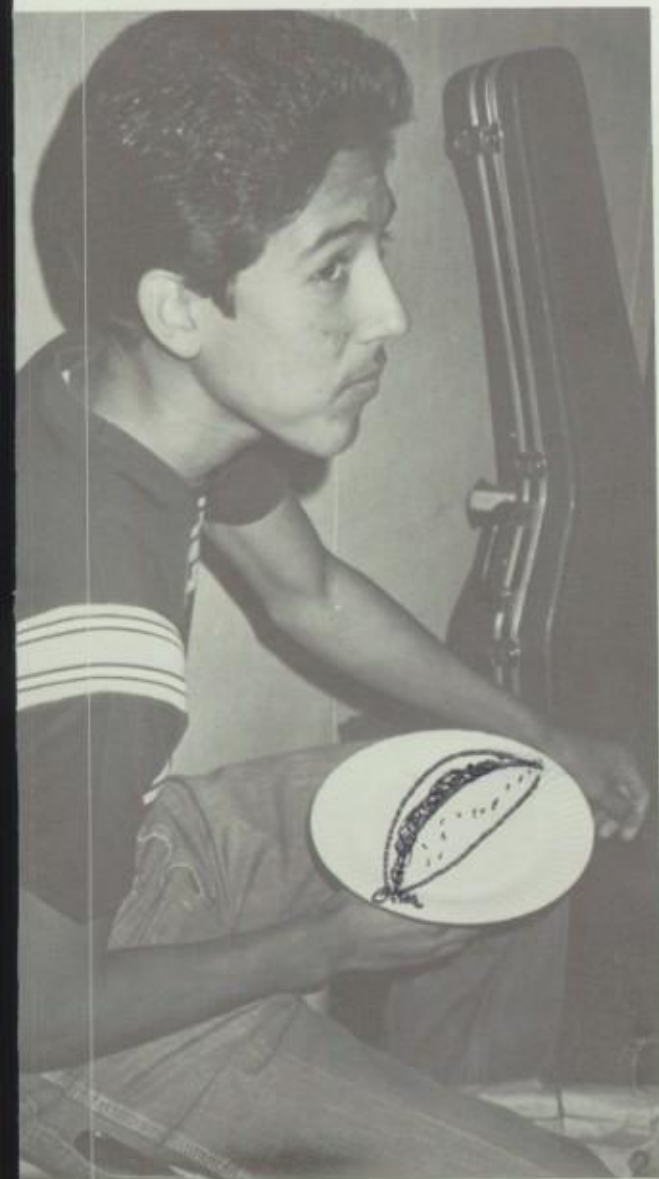

Peer Counseling

Peer Counseling was the newest class formed this year. Some students were unsure of class members being able to get along with each other because of the different races, but it had a good output.

Peer Counseling is a class designed for students interested in talking about problems in school, at home, and around the community. They tried to solve problems by speaking to each other as a class. This helped different races understand each others' opinions.

Besides class discussions, they performed activities inside and outside of class. Among some of the activities, the class hosted a breakfast in appreciation to the people involved in forming this class, and also videotaped a discussion concerning the different races in the school for the teachers' workshop.

1. Do you really want us to get up just to let you sit down? You've got to be kidding!
2. Ron Gil wonders, "Should I go get another one now, or when there's no one looking?"
3. "Peer Counseling is important because..." states Ms. Groff.

Taste, Talk and Travel

The two pastimes people the world over like to participate in are Eating and Talking. It can be their own native speech or food from another country. To help perfect these hobbies there are teachers who specialize in either Language or Food and Nutrition.

However, sometimes the instructors combine both food and language to make a point. This seems to happen frequently at Mira Mesa. Walk into a gourmet cooking class and Mrs. Gwen Jensen will be instructing her class on French or Mexican customs; then walk into a foreign language class and Ms. Gisele Cadol or Mrs. Elaine Bennett will be passing out recipes and instructing students on how to prepare them.

1. Day Dreaming of French pastries is more fun than conjugating verbs.
2. Gourmet cooks in training. Debbie Raeburn, Brenda Roth, LaDawn Waller, have fun experimenting with foreign foods.
3. Mrs. Gwen Jensen is trying to convince her class that this dish is good for them.
4. "Pay attention Tammy and Natalie!"
5. In every language class there are constant reminders of the country of whose speech you are learning.

Lights! Camera! Action!

Ever wonder what it would feel like to be in front of the camera as a T.U. talk show host? Or perhaps behind the camera filming a T.U. movie of the week? Or, maybe accepting an Emmy for Best Director for a T.U. situation comedy? (But, "How could I learn to do that?")

Headed by Mr. Bill Male, the Television Program Production classes give students the perfect opportunity to learn all of these techniques. It won't guarantee an Emmy, but it is a start. In class the students rotate in positions as they film different productions. The students also have in-classroom studies taught by Ms. Marcelle Benjamin.

1. Bring up a close-up of that guy right there.
2. A camera man's job is never done.
3. Teri Winstanley and Scott Reeves await the signal to begin taping the show.
4. Urghh! Where did you want this Mr. Morgan?
5. Mr. Dennis Morgan demonstrates how to set up a miniature set.
6. The stagecraft class takes time out to ham it up for the camera.
7. Lowell Nave, Mike Sheer and John Stevens look for the perfect piece of wood to finish their project.

Way Off Broadway

Rarely do people realize the amount of hard work that goes into sets: the amount of staples and prayers that hold a costume on; the long weeks of rehearsing the actors put in to be on stage for a two night preformance; or the whirlwind of activity just before the curtain rises.

Headed by Mr. Dennis Morgan, the Drama Department consists of the actors and stage hands, a useful arrangement so that actors and actresses do not have to build their own sets. On campus are people who specialize in building sets, costuming, lighting, acting, and running a production from start to finish.

Creative P.E.

The 1980-'81 school year marked the coming of special programs to the P.E. Department. Four programs were offered: cycling, jogging, advanced P.E. and dancing. These courses were open only to juniors and seniors.

Cycling was conducted first period for one quarter, by Mrs. Lisa Carter. Class work consisted of hour long bike trips around Mira Mesa. The remaining three were offered as year long programs. Jogging supervised by Ms. Terri Gregor, saw its participants out running daily. Advanced P.E. was designed for the student, who in one way or another, could not participate in after-school athletics but desired a strenuous program of physical activity. This was taught by Mr. Tim Cunningham. Dancing, organized by Ms. Debra Holm, had a good turnout with two full classes. Aerobics, jazz, and country-western were the forms of dance offered. With the help of outgoing and enthusiastic participants these courses become a permanent part of the P.E. offerings.

1. Ray Newton sets up for a shot.
2. Kelle McGaugh moves to the music.
3. Rain or shine Coach Gregor sets the pace.
4. Tricie Rowe and Sheryl Echoes are "stepping out".

Phashion Efficiency

Remember the blue and gold P.E. clothes everyone wore in Jr. High? Now anything goes. You can see guys playing in cutoff shorts and shirts; runners running around the track in light weight jogging outfits; girls playing racquetball wearing designer tennis coordinates. And whenever there's a cold rainy day and everyone is in the gym trying to play basketball or volleyball, everyone is wearing a variety of sweats in every color.

Many years ago the style of the P.E. clothes was plain and ordinary. Now students are more interested in their appearance at P.E. You'll notice that bolder colors are appearing in today's fashion-minded students along with designer named clothing and shoes.

1 Mitch Dunoff is awaiting the news of whos team he's on.

2 "I did it!"

3 Nonsuits have to spend the period somehow, what better way than listening to music?

4 Tuani Watson and Scott race up the bleachers after a slow jog around the track.

SENIORS

Dear Diary,

It's finally here - my senior year! The first class to start and finish at Mira Mesa High School will soon be gone to the corners of the world. Sure there are over 600 of us here but we will soon graduate into a world of millions.

I will carry with me the memories given by these great years of high school. Remember...the summer spent preparing for my freshman year...the C9F football playoffs of '78...Intercom...the great beach parties of '79...the August 5, 1979 stadium concert...Junior Prom at the Executive Hotel...the punk craze of '80...Senior activities...Senior Prom and After Prom attended on May 29, 1981...Grad Night...the class advisor, Mr. Regas...the graduates ahead of me...the graduates behind me...and many, many more.

My high school days will soon be over and a hollow feeling is already growing. To my friends, family, and teachers, thanks for the memories. They will not be forgotten. And to the world...Watch Out!

Seniors' Last Words

*Time
goes by too swiftly
and soon, my friend,
we will part
to follow
our separate paths
to live
our separate lives
independent of the ways
of childhood.
Someday, my friend,
we will meet again
older and wiser
with time
behind us
and time
before us,
time
that is ours
alone.*

Billy,

It's been great having you in T.V. Productions & monitoring this year and getting to know you. Better you're really an interesting person & fun to talk to. When I think of you I think of Black Sabbath, Rush and Led Zeppelin. Good luck with your guitar playing. If as what you choose to do in life, it's a great good luck with whatever you do.

Love
Marian Pellerin

Bill, You're a doll, I wish you
eternal love throughout your
life! Good luck always. May your
dreams be kazar, + your fantasies
come true! Take Care Babe,

All of my love,
Jude Gosnell
Class of '81. Rocks + Rolls!

Bill, it was great going
to school with you. I know
you are glad to be out.
I hope you have a lot of
fun in Colorado with your
friends. Take it easy Bill
John ~~Allegro~~
Rock "N" Roll

To Bill

I'm glad we finally got to each other pretty much
the last few years it was just Hi + bye.

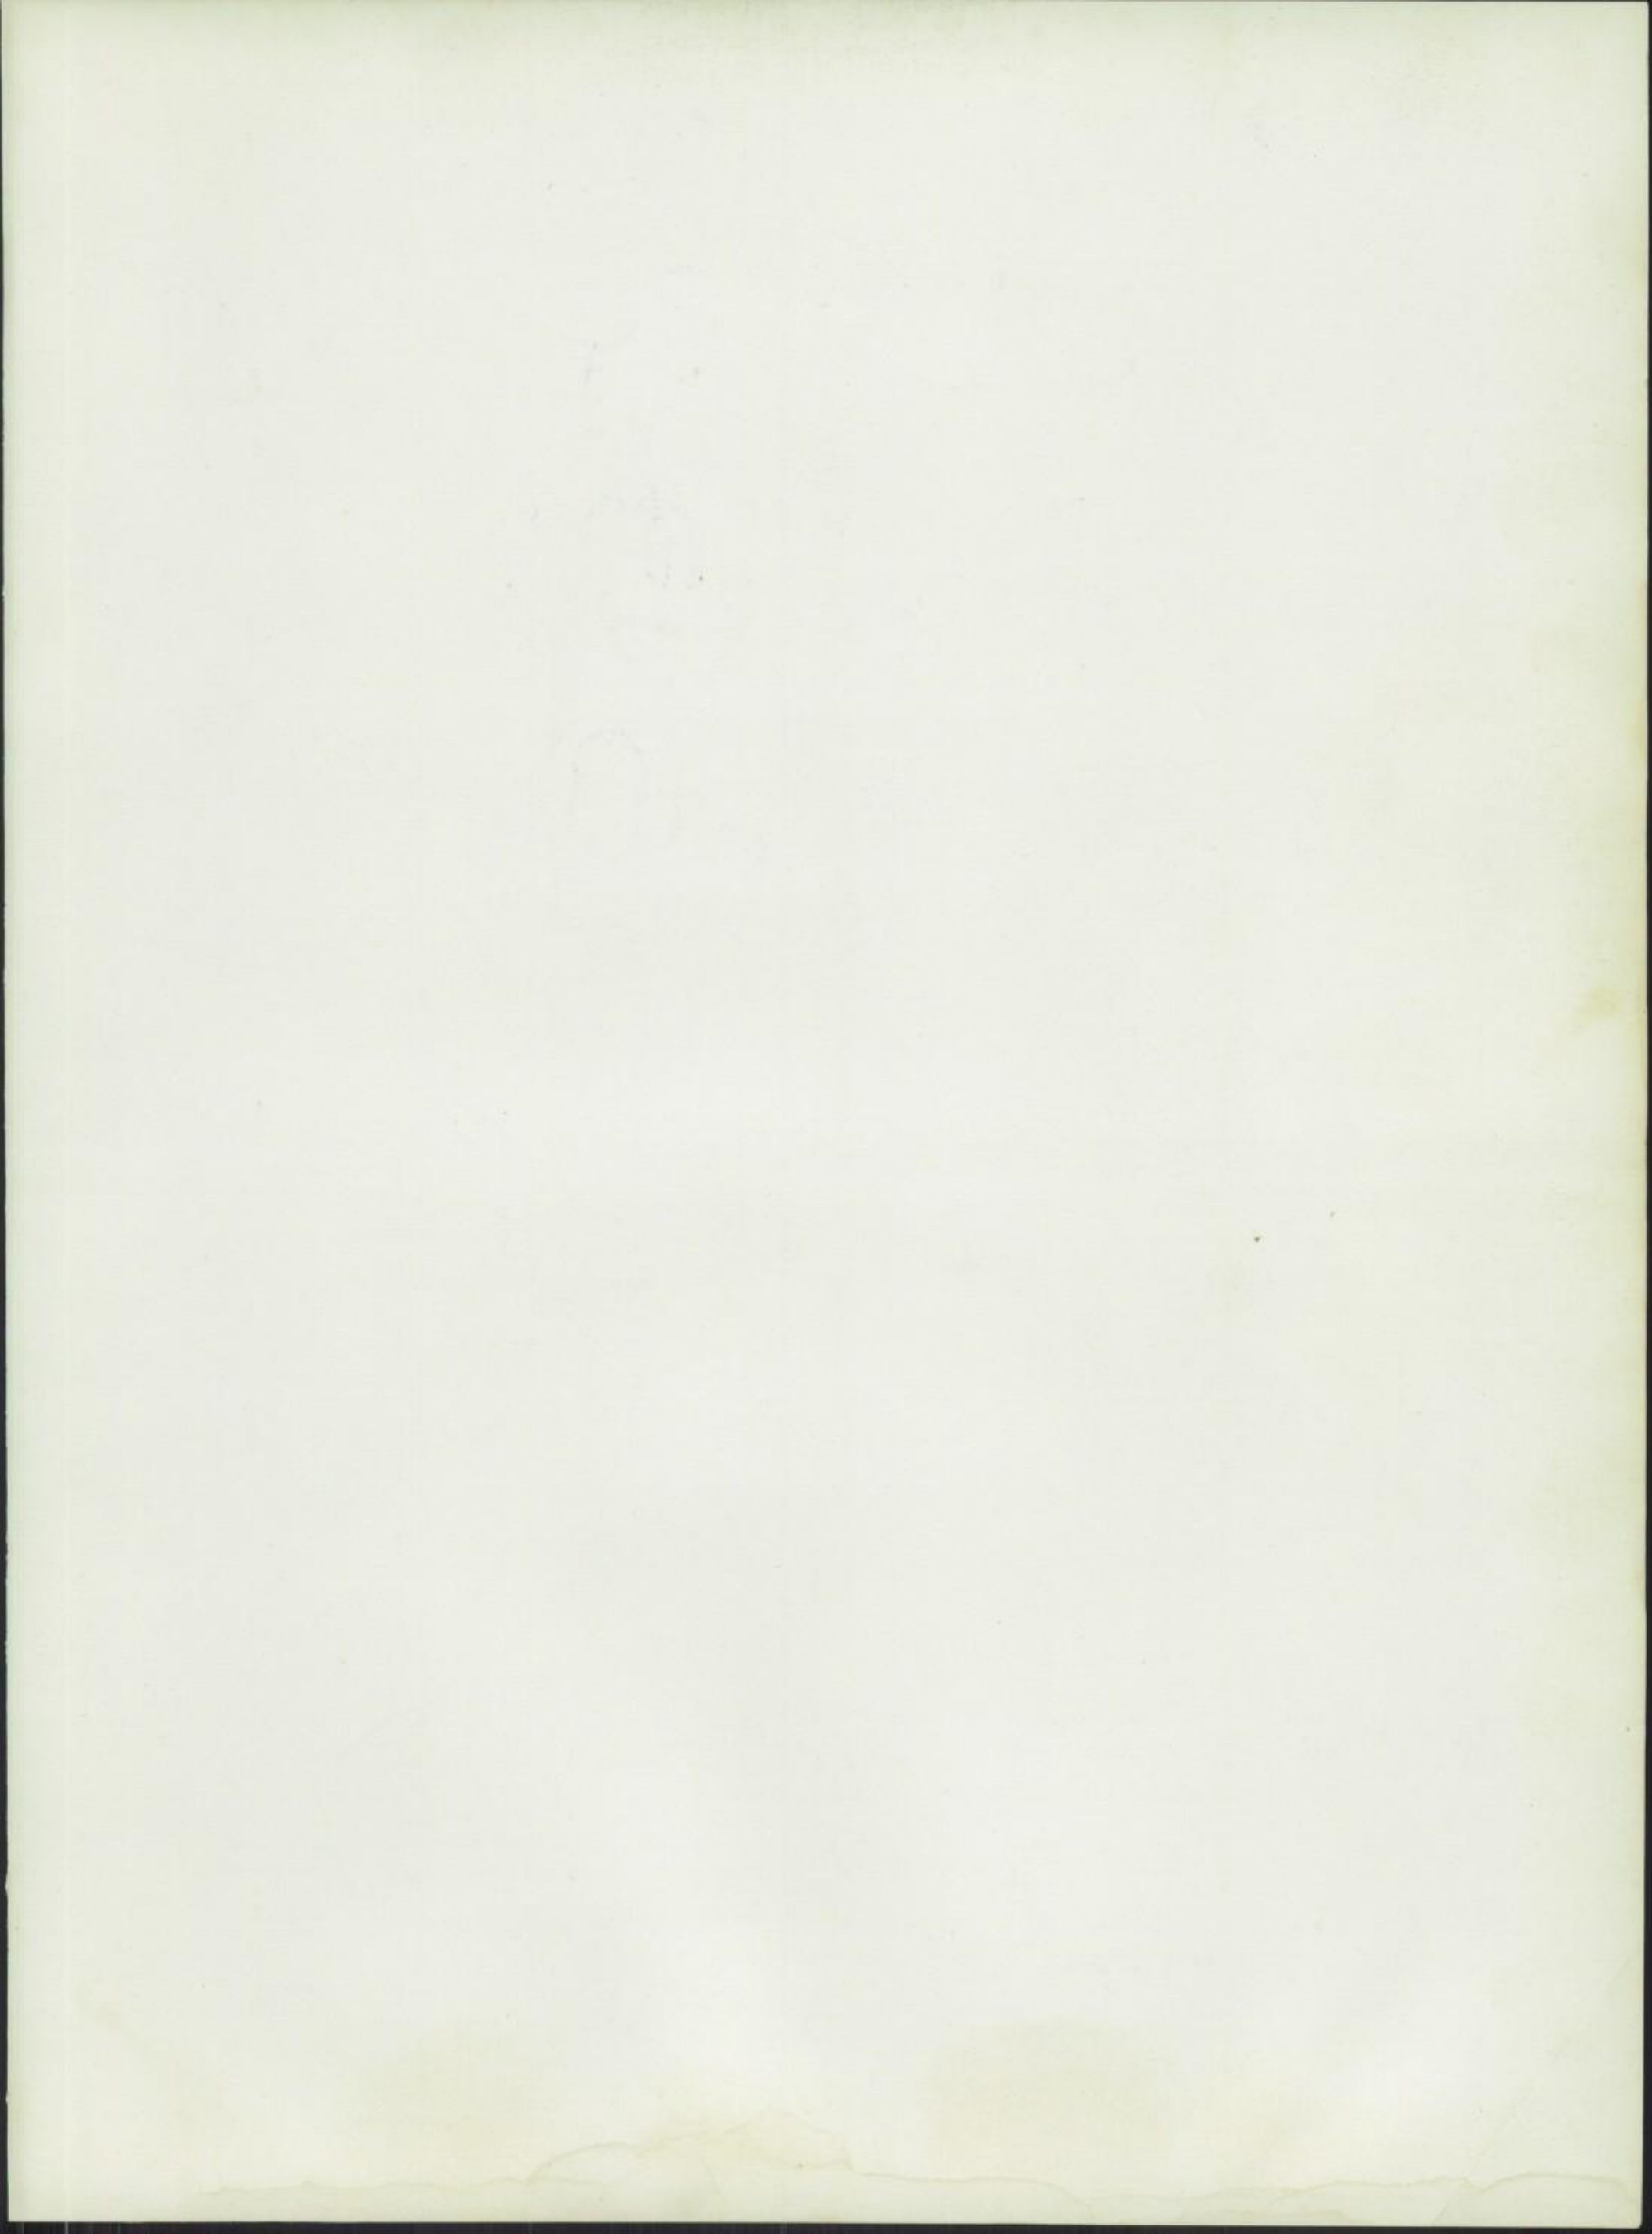

This summer we'll have to party together again.
well I don't really know what to say in these
yearbooks but we'll have to keep in touch.

Take Care my phone number is 566-9142

Love Tracy Warren

To Bill,
you have lots of talent, it's been good having you
in the class! good luck with your life.

Love and
